

BISHOP CANNON WALKS OUT ON SENATE COMMITTEE

ZEPELIN IS ON LAST LAP OF HER TRIP

Flight Over Atlantic Delayed By Storms And Heavy Rainfall

Seville, Spain, June 5.—(AP)—The dirigible Graf Zeppelin left Seville for Friedrichshafen at 5:35 P. M. (12:35 P. M. E.S. T.) after spending only a half-hour here.

Seville, Spain, June 5.—(UP)—The dirigible Graf Zeppelin arrived from New York and Lakehurst today after a trying flight across the Atlantic ocean where storms and rain greatly delayed her progress between the Azores Islands and Portugal.

The dirigible arrived at 3:40 P. M. (10:10 A. M. E. S. T.)

A fast pace on the first stage of the flight from New York to the Azores had indicated that Dr. Hugo Eckener was attempting a record trip, but choppy winds which buffeted the ship and rain areas off the coast later slowed her down. Approximately 61 hours and 28 minutes were required for the trip which was considerably more than 3,500 miles due to deviations from the direct route.

The dirigible flew over the Seville airport, accompanied by an escort plane, then turned over the city and the exposition grounds.

Dr. Eckener had expected to reach the European coast shortly after midnight and land about dawn, but the storms forced him to change his course, and the big ship later flew northward to the River Tagus in Portugal, before turning southward again to Seville.

In returning to Seville, which probably will become the European terminus of regular air service, the dirigible completed all but the final 1,500 mile stage of a flight of more than 18,000 miles, leaving her base at Friedrichshafen, Germany, at 11:18 A. M. EST. on May 18, the dirigible flew to Seville, and then started on May 20 over a three-cornered route to the Americas.

She flew to Brazil, where two halts were made, and then northward to the West Indies and Lakehurst, N. J.

Clinton Ladies In Crash Near Ashton

An Oldsmobile sedan driven by Miss Eunice Cowley of Clinton, Iowa, turned completely over on the Lincoln Highway two and one-half miles northeast of Ashton yesterday afternoon about 3:30, but the four women occupants escaped without serious injury.

Miss Cowley with her mother, Mrs. Tom Cowley, Mrs. William Behlke and Mrs. Ruddy, all of Clinton, were enroute to Chicago.

Another car, east bound, was parked on the shoulder east of the Vorty's Corner and as the Clinton car approached, the parked machine swung back on the paving and headed east. Miss Cowley drove off the paving in an effort to avoid a collision, her car turning completely over. The offending car sped on eastward. But one glass, a head light, was broken on the Cowley machine. Bits of the broken glass however, were thrown back through an open window in the overturned car and struck Mrs. Ruddy on the head inflicting slight scalp wounds. She was taken to Rochelle where she received medical attention. The other ladies were uninjured aside from a general shaking up. The car was taken to a garage under its own power. State Highway Officer Kenneth Church arrived on the scene a few minutes after the accident and prevented a congestion of traffic on the highway.

**Mrs. Kost's Funeral Held This Afternoon**  
Relatives and friends of the late Mrs. Ollie Kost who attended the funeral service this afternoon, from out of town, were: Mr. and Mrs. Byron D. Kost of Chicago; Frank C. Dinwiddie, Mr. and Mrs. A. A. Dinwiddie and daughter Mildred; Mrs. Mabel Stribling and Mrs. Mary E. Anderson, all of Ashland, Ill.; Mrs. Laura Parker of Peoria; Mrs. Nell Fraser of Polo; and Mrs. S. H. Zendt of Galesburg.

Following the services here, the funeral party accompanied the remains to Ashland, via train, where burial services tomorrow will be in charge of Dr. M. L. Pontius, pastor of the Central Christian Church, Jacksonville.

Two of our presidents have been trained engineers—Washington and Hoover. The rest have been lawyers, soldiers, or politicians. At present 21 members of the House and eight governors of states are engineers by training.

Some Oddities In Wire News Today From Various Parts

**AN UNUSUAL CALF.**  
Marion, Ill., June 5.—(UP)—Geo. Dahmer, farmer, claimed a record today for his day-old Jersey calf. It weighed 151 pounds at birth, is two feet, ten inches in height and four and a half feet long.

**SWALLOWED PINS.**  
Marion, Ill., June 5.—(UP)—Paul Hobbs, 19, held on a charge of larceny, attempted suicide in the county jail by swallowing a handful of pins a fellow prisoner gave him. His condition was serious today.

**POKER IN CEMETERY.**  
Indianapolis, Ind., June 5.—(UP)—Charges of gambling and trespass were filed against four young men who sought the cool recesses of Floral Park cemetery to play poker, using a tombstone for a table, and other stones for seats.

"It was too hot anywhere else and we wanted to play cards, so we came here," one of the party told deputy sheriffs.

Those arrested were Reid McCintock, 16; Charles Weigand, 19; William Earl, 16, and James Earl, 25.

**SERGEANT ON JUMP.**  
Chicago, June 5.—(UP)—When Fred Geiss, a laborer, went to the bakery this morning for some rolls he picked a package off the street, tucked it under his arm and strolled four blocks to where Policeman Miles Morehouse was telephoning his station.

"Here's a package I found," Geiss said. "You'd better take it to the station. It might be valuable."

Morehouse walked a half mile to the Summerdale Station, and laid the package on the sergeant's desk with the remark:

"A fellow gave me this. Put it in the lost and found drawer."

The curious sergeant unwrapped the package, looked once, jumped and ran.

"Get a bucket of water," he shouted as he disappeared.

The package was a gas-pipe bomb.

**BROWN PUP LOST.**  
Chicago, June 5.—(UP)—A little brown pup battled a dozen other pups for his life in the window of a West Madison street pet store today before a growing crowd of spectators who shouted and pounded on the plate glass of the locked store but couldn't get in to stop the fight until it was probably too late.

At first two or three persons pounded on the window and tried the padlocked door. In five minutes the crowd swelled to 25, then to 50 and finally to 100. Limousines stopped and the occupants joined the group. Madison street hoboed elbowed for a chance to stop the fight.

They pounded the windows, shouted, shook the door. One man lighted a newspaper, waving the flaming sheet in front of the window. But the dogs fought on and finally the brown pup gave up.

At last the owner and two companions arrived. They lifted the brown pup from the window. He was slashed and bleeding. Even if he lives, the scrawny mongrel never will be much of a dog.

The business men and the hoboes aking for the minutes the brown pup fought and lost, separated and went to their offices or to their curbstones.

**Doran Thinks Chicago Best In Cooperation**  
Chicago, June 5.—(AP)—James Doran, Prohibition Director, believes enforcement conditions in Chicago are better than in other big cities.

Stopping at the office of E. C. Yellowley, district prohibition director, he said, "in Chicago we have always obtained the greatest cooperation from the police department. Philadelphia is second and New York is the worst. When I made the statement recently that prohibition enforcement was hampered by lack of cooperation by police of large cities, I didn't mean Chicago."

SECRET CODE OF STATE DEPT. MAY BE IN JEOPARDY

Senator Johnson's Request For Naval Dispatches May Expose It

**BY LYLE C. WILSON**  
United Press Staff Correspondent  
Washington, June 5.—(UP)—Secretary of State Stimson today sought a way to comply with the Senate Foreign Relations committee's request for secret naval conference dispatches without jeopardizing the department's closely guarded secret—its confidential code.

Upon secrecy of the code depends the ability of American diplomats abroad to communicate privately with the State Department. It is a simple matter for governments to obtain copies of cable dispatches in many countries. American diplomats must file their confidential dispatches on government-owned telegraph lines in which the clerk who takes the copy and the operator who sends it are civil servants of the government to which it refers.

Senator Hiram Johnson, Rep., Calif., followed his first request for naval documents exchanged between here and London in September with another for the messages of August, 1929. State Department officials indicated these could be supplied Johnson, but only in paraphrased form. Stimson fears to send out unparaphrased documents for fear they might fall into the hands of some one who would use them to work out the State Department's code by comparing them with the original coded documents.

Johnson said he would be content with a complete paraphrased report of the exchanges. His purpose in asking for further information is to learn when and under what circumstances President Hoover abandoned the Navy General Board's policy calling for 21 eight-inch gun cruisers and either 15 or 18 cruisers mounting six inch guns.

Stimson discussed Johnson's request with President Hoover late yesterday. Meanwhile some treaty opponents in the Senate canvassed the possibility of blocking Mr. Hoover's plans to call a special treaty session by voting to recess until November at the end of the present session.

Chairman Borah of the Foreign Relations committee and others said they did not believe there were enough anti-treaty votes to compel a recess and prevent a special session call.

**Frank Stephan New Secretary Of B. & L.**  
Frank Stephan was selected from a field of many applicants at the regular monthly meeting of the Board of Directors of the Dixon Loan & Building Association last evening to succeed the late Hal U. Bardwell as secretary. Mr. Stephan will assume his position June 15.

Mr. Stephan for the past 21 years has served as a valued employee of the Grand Detour and J. I. Case Plow Companies. Previous to entering the employ of the Grand Detour Plow Company he was a member of the force at the City National Bank. Entering the employ of the plow company as a clerk, his ability gained him rapid promotion until he became head of the sales organization department. When the J. I. Case Company took over the Grand Detour holdings in Dixon, Mr. Stephan remained in this position which he now holds.

**Imposter "Aviator" Is Missing Today**  
Elk City, Okla., June 5.—(UP)—Branded as an imposter, a small-town mechanic who was giving the gas fame by posing as Maury Graham, long-missing Western Air Express mail pilot, also was listed as missing today.

He had fled from the arrival yesterday of R. C. Calhoun, formerly chief clerk of the Western Air Express at Salt Lake City and a close friend of Graham.

Calhoun said the description of the claimant did not tally with that of the missing aviator. Western Air Express officials in Los Angeles previously denied the man could be Graham, as had the flyer's wife.

**HEAVY GUARD FOR GANGSTER WHEN HE IS TAKEN TO BALTIMORE FROM CHICAGO TO FACE HOLDUP CHARGES**

Chicago, June 5.—(UP)—Two Baltimore detectives arrived today to return William Neimoth, one of Chicago's toughest gangsters, to face holdup charges.

Much secrecy surrounded the time and manner Neimoth will start east to stand trial after dodging extradition for more than two years. The gangster probably will be taken on a train but Commissioner John Stege refused to reveal when because of fear that gangster friends would make an attempt at rescue.

EASTERN GUNMEN REPORTED ON WAY TO CHICAGO TO RECRUIT FORCES IN LOCAL GANG WAR

Officers Certain Gang Conflict Is By No Means Ended

Chicago, June 5.—(AP)—Stoppage of further gang carnage rather than the solution of recent killings occupied police today as word grapevined to them that crack gunners from the eastern ganglands were being recruited in the local war.

Extra squads were detailed early today into the "Little Italies" of the north and west sides to prevent further outbreaks. Officers were sure the gang conflict was by no means ended with its death list of ten in less than a week.

Not one, but two gang wars are under way, as police see it. On the one hand is the battle between factions among Sicilian gang leaders for supremacy in the liquor and extortion traffic. On the other, police said, is the enmity between the Moran and Druggan gangs, accentuated by the triple murder of Druggan men at Fox Lake early Sunday.

Hope of new clues in the latest slaying—that of Thomas Somerrio Tuesday night—faded today when police admitted they had learned little from the "pretty blonde" they questioned last night. The young woman, known as "Mabel," was said by Somerrio's widow to have been the sweetheart of her husband. Mrs. Somerrio believed the girl had Somerrio "put on the spot."

The young woman, however, pressed only a casual acquaintance with the slain man and denied ever having known of his gang connections. She was released.

**COMPLETION OF AIRPORT DURING SUMMER PLANNED**

**Border Lights, Hangar And Runways To Be Erected Soon**

Dement Schuler, chairman of the aviation committee of the Chamber of Commerce, spent yesterday in Moline with representative of two large aircraft corporations, flying back to Dixon last evening with Captain Michael Rubenier of Chicago. The Moline airport was visited and the hangars inspected during the stay in that city.

The plans and specifications for the Dixon airport have been completed and it is expected that the border lights around the field, the hangar and service station will be built this summer. Col. H. P. Harding of Chicago visited the Dixon airport yesterday and was very enthusiastic in his praise of the location and condition of the field. Col. Harding is interested in the installation of runways at airports and is expected to return to Dixon in a few days to plan for the building of the runways here.

COMMISSIONERS INSPECT MOLINE STREET SURFACE

New Process Of Covering Poor Pavement Is Proven Success

Members of the city council flew or motored to Moline yesterday where they spent the afternoon inspecting a new type of paving resurfacing material which is being used extensively in that city. Col. H. P. Harding of Chicago, sales engineer for the Flinkote Roads, Inc., and Oliver F. Thompson of London, England, flew to Dixon yesterday morning with Captain Michael Rubenier in a Travel-air cabin plane. They picked up three members of the council at the Dixon airport and proceeded to Moline, the other members of the council going by auto with Clarence Settle of the S. D. Hicks Construction Company.

A meeting was held at the LeClaire hotel and in the afternoon the Dixon council members were taken on a tour of inspection of Moline roads which have been treated to resurfacing with the Colas process. They were shown stretches of recently resurfaced streets over which traffic is the heaviest in the city, patched spaces in old tarville streets and steep drives into private estates where the Colas process has been used most successfully.

**Commissioners Pleased.**  
The S. D. Hicks Company of Moline, now engaged in the construction of the north side improvement in Moline. Members of the city council were much interested and well pleased with the appearance of the new resurfacing material which is adaptable for use on Galena avenue and on First street in the business section in resurfacing the badly worn brick paving.

The process provides for the spreading of the heavy black liquid over the rough brick surface at any desired thickness, which is then covered with pea gravel or granite chips. Where traffic is heavy, a second or finishing coat is applied and sharp sand used instead of the gravel. The covering is a cold process and was said to be an economic method of resurfacing material such as has been suggested by the members of the council for many weeks, for use in the leveling up of the streets in the business section of the city, where the brick paving is badly worn and very rough.

**FLAG DAY WILL BE OBSERVED IN DIXON: PROGRAM**

**Elks Sponsor Celebration Of Birth Of Flag On Saturday, June 14**

Major Sam Cushing, Spanish American War veteran, of this city will deliver the address at the Elks' annual observance of Flag Day at Haymarket Square Saturday evening, June 14, when the birth of Old Glory will be observed throughout the nation.

In Dixon the flag will be displayed in the business and residential sections throughout the entire day. In the evening at 6:30, under the command of Walter M. Smith as Marshal of the Day, a parade will form at the Elks club consisting of delegations from the Grand Army of the Republic, United Spanish War Veterans, Veterans of Foreign Wars, American Legion and their auxiliaries, the Women's Relief Corps, Dixon Circle Ladies of the G. A. R., War Mothers, Daughters of the Union Veterans of the Civil War and officers and members of Dixon lodge, No. 779, B. P. O. Elks, sponsors of the program.

The parade, headed by the Dixon Boy's band, will march to Haymarket Square where the Elks' Flag Day service will be observed by the officers of Dixon lodge, with the address by Major Cushing.

The public is assured of a splendid program and is urged to attend these services as a patriotic duty.

**CHINESE GUNNERS AND HATCHET MEN GO INTO ACTION IN FOUR CITIES: POLICE FEAR RENEWED TONG BATTLE**

New York, June 5.—(AP)—Chinese gunners and hatchet men went into action in four cities today and last night, killing two men and leading police to fear that widespread tong warfare might be impending.

The first trouble came last night when a group of Chinese adopting the modern manner of gang and feuds rode through Chicago's Chinatown in an effort to put Frank Chin "on the spot." Chin, a representative of the Chin Oak Tin tong, was not touched by any of the bullets sprayed from pistol and a machine gun.

Terse Items of News Gathered in Dixon During Day

**SWEET CORN TASSELS.**  
Mr. and Mrs. Charles Shoemaker, 616 Spruce street, reports having sweetcorn in their garden which is tasseling.

**PICTURE OF DIXON GIRL.**  
The Chicago American of Tuesday printed a picture of little Charlotte Youngmark, daughter of Mr. and Mrs. Ernest Youngmark of this city, at play with a Texas armadillo in Lincoln Park, Chicago.

**BROTHER IS DEAD.**  
H. M. Rasch received word yesterday of the death of his brother, Dr. Charles A. Rasch, at Lakewood, Fla. The deceased, whose death was sudden, leaves a wife and two children, who are grown.

**RETURNS TO DIXON.**  
Reduction of force on the Illinois Central H. K. Gilman, for eight years ticket agent at the local station, who last January was given the agency at Mendota, has caused his return to his former position in Dixon.

**FIND ABANDONED CAR.**  
A Hupmobile sedan, partly stripped and bearing no license plates, was recovered by Sheriff Ward Miller last night about 10 o'clock west of the city near the Lincoln Highway, where it had apparently been abandoned. The car was taken to a local garage and an investigation is being conducted to locate the owner.

**BURNED BY ACID.**  
John Keane and Harry Minnehan employed at the weaving plant of the Reynolds Wire company sustained burns from sulphuric acid this morning about 8:45 while at their work. A spurt of the acid from a pipe struck Keane in the face a small quantity striking the eye. He was treated and taken to his home and is expected to return to his duties Monday morning. Minnehan's burns were about the body and were of a less serious nature.

**REAL DISTINCTION.**  
Rep. John P. Devine is nothing if he's not game, and he proved it again Wednesday, when F. X. Newcomer "called" him on a bit of kidding at the Bales & Wilhelm barber shop. F. X. dropped into the tonorial parlor for a shave, but Eddie, the shiner, was out and Mr. Newcomer started for the door. "Stick around, F. X.," said the minority representative from the barber chair, his voice filtering through the wad of towels the barber had spread over his face. "I'll take care of you." F. X. stuck around, as he had been bidden, and insisted that J. P. fulfill his agreement—and the insurance man today is boasting that he is probably the only man in the country who ever had his shoes shined by a state legislator.

**Attorney Brewster Is Critically Ill**  
Atty. E. H. Brewster, prominent lawyer and banker in Dixon for many years, lies very critically ill at his home at 105 E. Boyd Street.

His daughter, Miss Louise Brewster, is at his bedside, called from her studies at the University of Illinois, and his son, Hughes Brewster, who is at Palo Alto, California, has been sent for.

Mr. Brewster suffered two strokes of apoplexy yesterday afternoon. The sudden attacks came as a climax to many months of illness, although only a short time ago he was believed to be improving and was able to be at his office for a few days.

**Walsh Reads Statement**  
Apparently laying the ground for further action, Walsh read the record of the anti-Smith Democrats of "Iogiana" showing the organization "loaned" Cannon \$2,000 in \$500 advances during July and August, 1928. A record of other similar advances to Cannon also was read.

**Rockford Teacher's Death Is Unsolved**  
Rockford, Ill., June 5.—(AP)—The fatal clubbing of Miss Cordelia Gummshelmer, Rockford high school teacher, was written off by a coroner's jury which reconvened to render a verdict of death at the hands of persons unknown. Miss Gummshelmer was slain in her apartment last Dec. 8. At the detector was used without avail in questioning two witnesses.

The disbursements of the organization, read by Walsh, indicated \$17,308.11 was turned back to Cannon although there was no statement as to how the money would be expended.

Walsh also read the record of Cannon's receipt of \$5,000 from the Methodist Board of Temperance, Prohibition and Public Morals.

The committee then adjourned until 10 A. M. Wednesday because of the absence of Chairman Caraway, who will return next Tuesday.

**Called Plain "Contempt"**  
Walsh commented that "the action of Bishop Cannon in walking from the room while the committee was attempting to question him further regarding matters upon which he previously had been willing to be interrogated, was plain contempt of the Senate."

REFUSES TO SUBMIT TO QUESTIONING

**Senator Walsh Intimated Contempt Proceedings May Come**

**BY PAUL R. MALLON**  
(United Press Staff Correspondent)  
Washington, June 5 (UP)—Bishop James Cannon, Jr., brought his defiance of the Senate Lobby committee to a dramatic climax today when he angrily picked up his papers and walked out of the crowded committee room while two Senators still were questioning him.

This unprecedented defiance of Senatorial authority left the committee dumbfounded, and an adjournment was taken shortly afterward until next Wednesday. Chairman Caraway, who is in Arkansas, is expected to be here and the committee will decide at that time whether to proceed against the Methodist Bishop for contempt of the Senate.

**No Longer Volunteer**  
"I am no longer a voluntary witness," said the Bishop, picking up his papers.

"We have not yet excused you," Senator Thomas J. Walsh, (Dem., Mont.), acting chairman.

"I am at my office if you want to issue the subpoena," said Cannon, walking toward the door.

"We realize you are challenging the committee, but we do not take that view of it," said Walsh.

"I want to read you some telegrams showing how you came to be here," said Senator Blaine (Rep., Wis.), wet member of the committee.

Cannon paid no attention to either as he elbowed his way through the crowd and out of the room.

**Unusual Boldness**  
Cannon's surprising action left the committee and the crowd silent for a moment. Not in recent years has a witness been so bold.

Blaine insisted upon reading the telegrams showing the Bishop was a voluntary witness at the request of Chairman Caraway of the committee. Caraway is absent in Arkansas.

As Blaine continued to read after Cannon left, Senator Borah, Rep., Idaho, third member of the committee came into the room. His presence gave the committee a quorum for the first time since Cannon began testifying last Tuesday, and gave the committee power to act on his refusal to answer question relative to his anti-Smith activities in the 1928 presidential campaign.

At the opening of the session, Cannon asked permission to read a statement which he said "might determine the future course of your examination."

This statement charged the committee was attempting to "single out and hold up to the country the anti-Smith Democrats and myself as part of the efforts of the wet and Roman Catholic influences to prevent such a revolt as occurred in last campaign from occurring again."

The statement said the Bishop represented to the utmost the implication of this action, and therefore he was withdrawing from the stand.

"Shall we stop him?" asked Blaine when the Bishop was walking out. There were Capitol police nearby who could have acted to arrest the Bishop.

"Let him go," said Walsh.

Walsh Reads Statement

Apparently laying the ground for further action, Walsh read the record of the anti-Smith Democrats of "Iogiana" showing the organization "loaned" Cannon \$2,000 in \$500 advances during July and August, 1928. A record of other similar advances to Cannon also was read.

In note of these reports, said Walsh, "does there appear any record of receipts from Mr. Jameson?" Cannon has said he received \$65,000 from E. C. Jameson, New York financier, of which \$17,000 was turned over to the Anti-Smith Democratic organization.

The disbursements of the organization, read by Walsh, indicated \$17,308.11 was turned back to Cannon although there was no statement as to how the money would be expended.

Walsh also read the record of Cannon's receipt of \$5,000 from the Methodist Board of Temperance, Prohibition and Public Morals.

The committee then adjourned until 10 A. M. Wednesday because of the absence of Chairman Caraway, who will return next Tuesday.

**Called Plain "Contempt"**

**Rheumatism And Painful Neuritis Ended By Kavatore**  
Kavatore Enables Another Happy Man to Work More Efficiently.

Henry E. Johnson.  
"No words of praise can do justice to this new Kavatore." said Henry E. Johnson, of R. R. No. 5, Sterling, Ill. "I have suffered with rheumatism and neuritis for three years. The pain centered in my shoulders. When I first got up in the morning it seemed that the pains were worse, I became terribly run-down, had no appetite and what I did eat did not agree with me."  
"I read about Kavatore and what wonderful things it was doing for sufferers everywhere. I decided to try this medicine. About three days after I started taking Kavatore I noticed that my shoulders and arms did not pain so much, and the rheumatism was greatly relieved. I cannot praise Kavatore enough."  
Kavatore goes to the very seat and source of those ills and ailments incident to the liver, kidneys, stomach and bowels such as rheumatism, neuritis, constipation and the like.  
Kavatore is sold by all the best druggists in Dixon and in all towns throughout this entire section.—Adv.

**FUNERAL OF MRS. CHARLES S. BROWN HELD WEDNESDAY**  
Many Friends In Tribute To Dixon Woman Who Died Sunday

The funeral of Mrs. Charles S. Brown, held yesterday at her home in this city, attested the love and esteem in which she was held by many friends paying their last tribute and the flowers bespeaking the sorrow of many friends. The Christian Science service was read by Mrs. Z. W. Moss and two appropriate selections were sung by Miss Goldie Albright. Interment was in the Ashton cemetery where the commitment service was conducted by Rev. Thomas of the Ashton Presbyterian church.  
Charles Thatcher, a brother, and wife of Portland, Ore., and a sister, Mrs. Ella Bartel, and husband, of Richmond, Ind., attended the sad services. Pall-bearers were: F. G. Dimick, E. H. Prince, Dr. Z. W. Moss, J. Frank Bennett, Arthur Dugdale and Mr. Dunn.  
Mrs. Brown was the daughter of Charles Gwynard and Ella Hodges, and was born at Mt. Carroll, Jan. 1, 1876, and reached the age of 54 years and four months.  
The deceased spent the greater part of her life in Chicago. She was a professional woman, and had a childproofing office in the Marshall Field building.  
On November 4, 1921, she was united in marriage with Charles S. Brown of Ashton, and they made that city their home until last fall when they moved to Dixon.  
Two years ago Mr. and Mrs. Brown built the Standard Oil Service Station and the Ashton Coffee Shop. Mrs. Brown conducted the coffee shop for the first year, and did a very large business.  
Mrs. Brown was not well for several months, and late in April she entered the Mercy hospital where all the medical skill which was possible to obtain proved futile, and her death occurred Sunday morning.  
Those whom she leaves to mourn her passing are her husband, Charles S. Brown; a brother, Charles H. Thatcher, of Berkeley, Calif.; a sister, Ella Bartel of Richmond, Ind. and two cousins, Senator William C. Hodges, of Tallahassee, Fla., and Mrs. Frank B. MacCreary, of Chicago, and a host of friends.

**COMPLETION OF AIRPORT DURING SUMMER PLANNED**

(Continued from Page 1)  
Wright corporation, who now conduct a sales department and flying school at Moline, are expected to come to Dixon soon to conduct an inspection of the field here. Several representatives of flying circuses have made application for use of the field during the past few days and it is expected that residents of Dixon and vicinity may be permitted to enjoy one of the features at the new airport during the summer months. The aviation committee has also received and rejected numerous applications of fliers who seek to establish a school of instruction on the field.

**REFUSES TO SUBMIT TO QUESTIONING**  
(Continued from Page 1)  
jurisdiction is another matter but walking out does not depend on that.  
"In submitting himself for examination he submitted to the jurisdiction of the committee and the absence of a subpoena, to my mind, is of no consequence whatever."  
"It was contempt for him to leave without being excused."  
While Walsh declined to comment further it is understood the failure to issue a subpoena was based upon doubt held by some committee members as to whether such a subpoena would absolve the Bishop from prosecution in the courts in connection with filing of returns for campaign expenses under the Corrupt Practices Act.  
Heretofore, Congressional committees have been careful not to issue subpoenas in cases where prosecutions against witnesses were contemplated. The courts have held that to require a witness to testify under subpoena is in a sense requiring him to testify against himself. In such cases, evidence given by the witness under such compulsion has been ruled out in the courts.

**Breakfast Honors Miss Sullivan**  
Miss Ruth Jacobson was hostess on Sunday morning at a beautifully appointed breakfast at her home on E. Everett street, for Miss Helen Sullivan who is soon to wed Dr. David Murphy. There were eleven guests. Roses and peonies made fresh and fragrant bouquets for the enjoyable affair.  
**Ninetieth Birthday For Mrs. M. Scholl**  
Mrs. Minnie Scholl of Woosung was ninety years old yesterday and last evening the happy event was celebrated by a large gathering of relatives at the home of her daughter, with whom she lives, Mrs. Rosa L. Zigler of Woosung. There were eighty-four present, including the eight children and their children; thirty-one grand children and forty great-grandchildren.  
The Zigler home was fragrant with peonies and iris and roses and Mrs. Scholl was busy all day yesterday opening greetings and receiving flowers and gifts.  
During the evening delicious refreshments were served. Present from a distance were Mr. and Mrs. George Scholl and family of Castlewood, So. Dakota; and Frank Scholl from Council, Idaho; and Mr. and Mrs. Arthur Albertus, and three sons of Oconomowoc, South Dakota. George and Frank Scholl are sons of Mrs. Scholl who are here from a distance and Mrs. Albertus is the daughter of George Scholl.  
A happy evening of reminiscences was enjoyed and C. M. Hintz took a group picture of the large gathering numbering eighty-four. Rev. and Mrs. Paul Gordon, pastor of Bethel M. E. church, were present.  
Mrs. Scholl thoroughly enjoyed the day, and evening and is feeling fine today. Many friends join in extending to her congratulations on her long and happy life and extend best wishes for the future, and the Telegraph joins in extending felicitations.

**GRADUATES WITH HIGH HONORS FROM DOBBS FERRY—**  
Mr. and Mrs. Harry Bischof of Chicago have returned from the east where they went to attend the graduation of Mr. Bischof's niece, Miss Louise Hoffman, of Geneva, Switzerland, a daughter of Dr. Conrad Hoffman and wife of Geneva, Switzerland.  
Mr. and Mrs. Bischof is the daughter of Mr. and Mrs. Paul Lord of Dixon. Dr. Hoffman is an associate of the nationally known John R. Mott, and is interested in educational work.  
The young lady graduated with very high honors from Dobbs Ferry, a school for girls in New York. While living in Switzerland she won a two years scholarship from the school from which she graduated. She is sailing soon for her home in Geneva, where she will remain until September, returning to the States then to enter Oberlin College, Ohio.

**Dick Durkes Entertained Sixth Grade**  
Dick Durkes, son of Mr. and Mrs. W. C. Durkes, entertained his school mates, the entire sixth grade of the North Side school, with an outing or party at the Country Club yesterday afternoon, forty being present.  
Alice Countryman, Billie Evans and a cousin of Jimmie Hey, although not in the sixth grade, were guests, also. Everyone had a happy afternoon, the girls playing games and the boys enjoying baseball. Later all were served ice cream and cookies at the club house. This has developed into an annual custom, each year, Mrs. Durkes and Dick entertaining his classmates at the close of the school year, a sort of "jubilation," as it were.

**A Happy Surprise For Miss Buchanan**  
The girls of Miss Buchanan's room of the South Central school held a delightful surprise party last evening at the home of Ruth Bohnstiel for Miss Buchanan, the teacher.  
The evening was spent in playing games. Dainty refreshments were served, the table being gay with pink and white streamers and nut cups, with a huge bouquet of syringias and peonies as the center piece. Those present were Miss Buchanan, Miss Combar, Miss Black, teachers; Marian Thompson, Lucille Stultz, Evelyn Killian and Ruth Bohnstiel.

**Entertained G. and C. Members Wednesday**

**BOWKNOTS DECORATE SUMMER MODELS—**  
PAIRS—(AP)—Bowknots of the same material as evening dresses play a big part in ornamentation of midsummer models shown by couturiers.  
Impressive in size and sometimes cut in one with intricate rodets and incrustations the up-to-date bows are one with the dress.  
Bows placed just above the knees, marking the focal point of fullness or godets, are the only relief on many smooth fitting princess dresses made of heavy crepe maracain.

**Extortion Threat Is Sent To Banker**  
Bethalto, Ill., June 5.—(UP)—Officials sought today for the author of an extortion letter received a week ago by Harry E. Kelsey, cashier of the Bethalto State Bank, which demanded that Kelsey place \$1,000 at a designated point on Illinois State Highway No. 3 near Wood River, Ill.  
Kelsey's receipt of the letter came to light when a trap set by authorities to capture the writer of the letter failed. Madison county officers had stationed themselves at the point where the money was to have been deposited Thursday night but no one appeared.  
The letter, which bore an East St. Louis postmark, was written May 27 and signed with nine crosses. Kelsey said he believed the letter had been sent him in the belief that he could be easily frightened because of the death of his father John Kelsey, who was shot in holdup two months ago.

**Ford School Board Accused of Fraud**  
Dearborn, Mich., June 5.—(AP)—The Ford Motor Company, which pays 70 per cent of the taxes in the Fordson school district, today published a report of auditors employed by the company charging the district school board with "padding" its 1929-1930 budget to the extent of \$200,000.  
Henry Ford formerly was a member of the board, but was removed by other members about a year ago because he failed to attend sessions sending instead a representative who acted in an "advisory" capacity but had no vote.  
The Ford auditors criticized among other things the alleged purchase for the high school of waste baskets for \$26 each, walnut coat racks at \$22 and book cases at \$158 a shelf. They also reported that the board paid for 143 loads of coal but used only 52.

**Abraham Lincoln.**  
The woman was not taken from Adam's feet, we see. So he must not abuse her. The meaning seems to be.

The woman was not taken from Adam's head, we know. To show she must not rule him, 'Tis evidently so.

The woman, she was taken from under Adam's arm. So she must be protected from injuries and harm.

### Ladies Were Guests Of Kiwanis Tuesday

Members of the Dixon Kiwanis Club and their ladies enjoyed a fine dinner and entertainment program Tuesday evening at the Assembly Park hotel. There were about 75 present at the observance of the ladies night program. Following the delicious dinner, students of the high school dramatic class taught by Prof. B. J. Frazer, presented in a most creditable manner, an interesting Russian playlet. The remainder of the evening was spent in playing bridge, at which Prof. J. N. Weiss and Mrs. Ray Kline won first prizes. Ray Kline and Mrs. Reilly won second awards, and congratulations were to Dr. H. M. Edwards and Mrs. E. J. Brown.

**Nut and Celery Filling, 12 Sandwiches**  
1 cup diced celery  
1-2 cup nuts, cut fine  
1-2 cup pimiento stuffed olives, chopped  
1-8 teaspoon salt  
5 tablespoons mayonnaise  
Mix ingredients, spread on thinly cut, buttered slices of white bread. Serve at once.

**Gingerbread**  
4 tablespoons fat, melted  
1 cup light brown sugar  
2 eggs  
1-2 cup sour milk  
1 cup sour milk  
1 teaspoon ginger  
2 teaspoons cinnamon  
1 teaspoon cloves  
1-2 teaspoon nutmeg  
2-1-2 cups flour  
1 teaspoon soda  
1 teaspoon baking powder  
Mix fat and sugar. Add rest of ingredients and beat 3 minutes. Pour into shallow pan fitted with waxed paper. Bake 30 minutes in moderately slow oven.

This is very moist gingerbread and can be kept for several days in cake box.

1-4 teaspoon paprika  
2 tablespoons chopped parsley  
1-2 cup milk  
2 tablespoons butter, melted  
Mix ingredients and pour into buttered loaf pan. Bake 30 minutes in moderate oven. Unmold carefully.

**Vegetable Salad**  
1 cup diced cooked carrots  
1 cup diced cucumbers  
1-2 cup cooked peas  
2 tablespoons finely chopped onions  
1 tablespoons chopped sweet pickle  
1-2 teaspoon salt  
1-4 teaspoon pepper  
1-3 cup salad dressing  
Mix and chill ingredients. Serve on lettuce.

### Mrs. McCormick Gave Fine Radio Address

Washington, June 5—(UP)—The increasing part women play in the business and political life of the nation was discussed by Mrs. Ruth Hanna McCormick, Illinois Republican Senatorial candidate, last night in a radio address heard throughout this country and Great Britain.

American women, she said, feel there are many domestic problems to be solved here "before we undertake to assist in stabilizing economic, political and military conditions in countries overseas." She also said Americans feel "we can best serve ourselves and the rest of the world without joining the League of Nations."

### This "Desert Blossoms Like the Rose," Surely

Beatty, Nevada, June 5—(AP)—Death Valley, forbidding, hot, mysterious desert, has been transformed by a prank of nature into a brilliant area of flowers.

Back in a covered wagon days, in 1850, a party of emigrants, California bound, perished from thirst in the arid waste. The valley, 150 miles long and from 10 to 35 miles wide, received its name from the incident.

So extreme is the heat during most summers that even the lizards and horned toads mysteriously depart for other habitations.

In 1925, less than half an inch of rain fell. This year, however, for nineteen consecutive days in May

fresh showers fell on the parched desert sands. Myriad varieties of seeds which apparently had lain dormant for years, suddenly burst into bloom in all parts of the rugged waste land.

The landscape, usually characterized by bare sand dunes and buttes and mesas of tan and chocolate, was changed into a splash of marvelous color.

Blossoms carpet the desert floor between Beatty and Chloride Cliffs, while from "hole in the rock" spring to Kane Spring and to Survivors well in Death Valley, 112 feet below sea level, the blossoms sweep in a colorful circle.

From a distance the giant bowl appears as a thick purple carpet. The phenomenon is a botanists' paradise. Letson, Ballet, mining engineer and botanist, said that one hundred varieties of flowers, many of them unclassified, could be gathered within thirty minutes in a radius of fifty yards.

Nature has painted a gorgeous masterpiece in the desert, those who have seen the flowers agree, but the heat of the sun probably will shrivel and obliterate the colorful spectacle soon.

### "Garden Visiting Week", Next Week

The Garden Visiting Week in Dixon is scheduled for the next week, starting Sunday, June 8th and including Sunday, June 15th. The hours are from 2 to 8 each day. It was thought best to set the dates for next week before vacations started.

Mrs. O. P. Goeke is chairman of the committee members of the Dixon Women's club, sponsoring the movement. This year the season is greatly advanced and some say it is two weeks earlier for peonies and iris, and the early blossoms.

On Saturday evening the Telegraph will print a list of the owners of gardens who have signified their consent to have their gardens visited in the afternoon from 2 o'clock until 8 o'clock each evening. This movement will engender civic pride and it is hoped that next year many more gardens will be available for garden visiting week.

### Wawokiye Club Met on Wednesday

The Wawokiye Club met at the home of Mrs. Charles Grobe, near Prairieville, in an all-day meeting Wednesday, June 4.

The business meeting in the afternoon was opened by all joining in singing a hymn. The vice president had charge of the meeting.

Plans were made for a picnic to be held June 15. All the members, their families and friends are urged to be present to get in on the ice cream which the club always furnishes at its annual picnic. After the business meeting was over the program committee took charge and a very nice program was enjoyed.

The next meeting will be held at the home of Mrs. Claude Guynn on the Ridge Road, June 18.

Everyone left for home late in the afternoon thanking Mrs. Grobe for a most enjoyable day spent at her home.

### Birthday Party Tuesday Evening

On Tuesday evening at the apartment of the Misses Miriam Slothover, Dorothy Buzzard and Mildred Brady on Galena avenue, a birthday party was given honoring Mrs. W. Knipschild, formerly Miss Mae Buzzard. A tempting picnic supper was a feature of the happy evening and at this time all present presented Mrs. Knipschild with some handsome gifts and wished her future happiness. Other guests for

the evening were Misses Cecil Boese, Stella Mae Weigle and Fawn Deal.

As a pleasant close to the evening the group of friends formed a theater party to attend the picture "The Young Man of Manhattan."

### Friends Entertain For Miss Sullivan

Miss Helen Sullivan, who is to be married in the very near future to Dr. David Murphy, has been a most popular bride-to-be and on Saturday evening Miss Helen Joyce, Miss Winifred Jones and Miss Helen Cahill were hostesses at a bridge party at the Jones home, honoring Miss Sullivan. There were guests for five tables. The home and the tables were beautifully decorated in yellow and white and peonies, iris and roses were the flowers artistically employed.

Miss Helen Sullivan was presented a guest favor. Mrs. Lourde Welch of Chicago received the favor for high honors at bridge; Miss Merriam Deveney received the favor for second honors, and Miss Helen Miller received the consolation favor. Miss Catherine Sullivan received the draw or cut prize. Out-of-

### Gained the Vote And Also Confidence

Springfield, Ill., June 5—(UP)—Between seven and eight out of every hundred passenger automobile licenses issued in Illinois are given to women, statistics in Secretary of State William J. Stratton's office revealed here today.

The figures disclose the increase in licenses to women began when they were given the right to vote.

### Happy Birthday Party for Charles

Charles Freed entertained a group of his little friends yesterday afternoon at the home of his grandmother, Mrs. Harry D. Freed, 404 Second street in honor of his sixth birthday anniversary. The afternoon was spent in playing games and with

town guests who enjoyed the delightful evening were Mrs. Lourde Welch of Chicago; Miss Ruth Jacobson of Evanston and Mrs. John Cleaver of Oregon. Dainty refreshments were served.

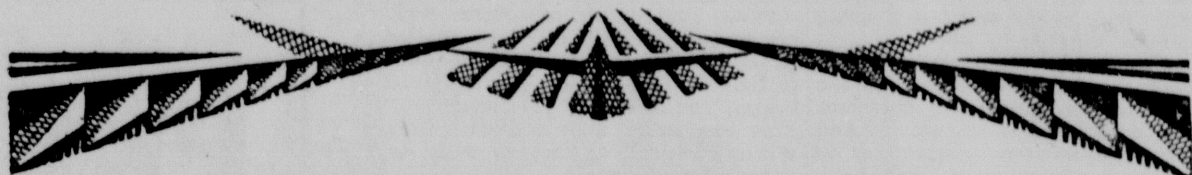

### Mrs. Hoover Will Recuperate at Camp

Washington, June 5—(AP)—Mrs. Herbert Hoover is to leave today for the presidential camp in Virginia where she will remain indefinitely convalescing from the injury to her back, suffered about two months ago.

Captain Joel T. Boone, the White House physician, said that while recovery had been satisfactory, her attendance at the state dinner Tuesday night in honor of the Colombian President-elect had shown she was not yet ready for formal entertaining. He recommended seclusion at the Virginia camp, where she would have the benefit of the mountain air and sunlight.

Dr. Boone pointed out that some of the most important muscles of the body were in the back and that when these were badly sprained it took time for them to mend. He said it had not been determined how long Mrs. Hoover would remain at the camp.

### THE REWARD OF SERVICE.

There's nothing especially new in the fact that the human race seldom goes out of its way to reward the people who have done the most for it.

Now and then, though, something happens to remind you of it again—something that makes you wonder if we really know what's good for us.

In London a man named Sir Ronald Ross recently celebrated his 73rd birthday; celebrated it in ill health, without any too much money to make his old age comfortable and without any great public celebration to mark the anniversary. Sir Ronald Ross? No, you very likely never heard of him. He isn't widely known. But when future historians go to write down the names of the men who, in the last three or four decades, have served humanity the best, they will put his name somewhere near the head of the list.

A number of years ago Sir Ronald was a young officer in the medical corps of the British army in India, stuck away in a God-forsaken outpost simmering in the tropical heat. Malaria was a curse there; a curse, and an unsolved riddle. The young medical officer turned his attention to it. He had the audacity to doubt that it was caused by the climate, by the food and drink or by weather. Instead, he suspected that it was carried from the sick to the well by some insect.

He outlined his idea to his superiors and was scoffed at. Undaunted, he got a cheap microscope and began to investigate. He put the mosquito down as his chief suspect, and went to work making microscopic examinations of the contents of thousands of mosquitoes' stomachs.

This painstaking work in the tropic heat with poor instruments was terribly hard. It undermined the officer's eyesight and ruined his nerves. There were years of it, too; for Ross' investigations came to nothing for a long time. At last, however, he found a new species of mosquito, got some specimens of it—and found his malaria germs, in his specimens' stomachs.

Within a short time he had proved his theory to a skeptical medical world and had enabled health organizations to cope with malaria for the first time in history.

Nor was that all. It was his work that put the American medical officers on the track of the yellow fever mosquito. The magnificent clean-up on that dreadful disease in Cuba, Panama and the southern states of America grew directly out of Ross' work.

So that's Sir Ronald Ross. He was knighted for his work—and then largely forgotten. Today England's highest honors rest on the shoulders of her war leaders—men who sent thousands upon thousands of men out to kill and to be killed. The man who saved uncounted thousands of lives, and whose work will go on saving lives long after he himself is dead, is ignored.

Really, we don't seem to know who our benefactors really are.

### UNBEARABLE CONGESTION.

The City Club of New York recently demanded the establishment of a "standard of decency" for riders in New York's subways and elevated trains, where frightful crowding is the rule during rush-hour traffic.

As a minimum standard, it urged that every standing passenger should have some handle or support that he could hold on to; that every stander ought to have enough room to be able to move his hands; that people ought not to be jammed together so closely that their faces are directly before each other.

This, of course, means that those very modest requirements of decency are not being met now. The whole thing sheds a bright light on life in a modern metropolis. Who wants to live in a great city when he has to be crowded like that going to and from his work every day?

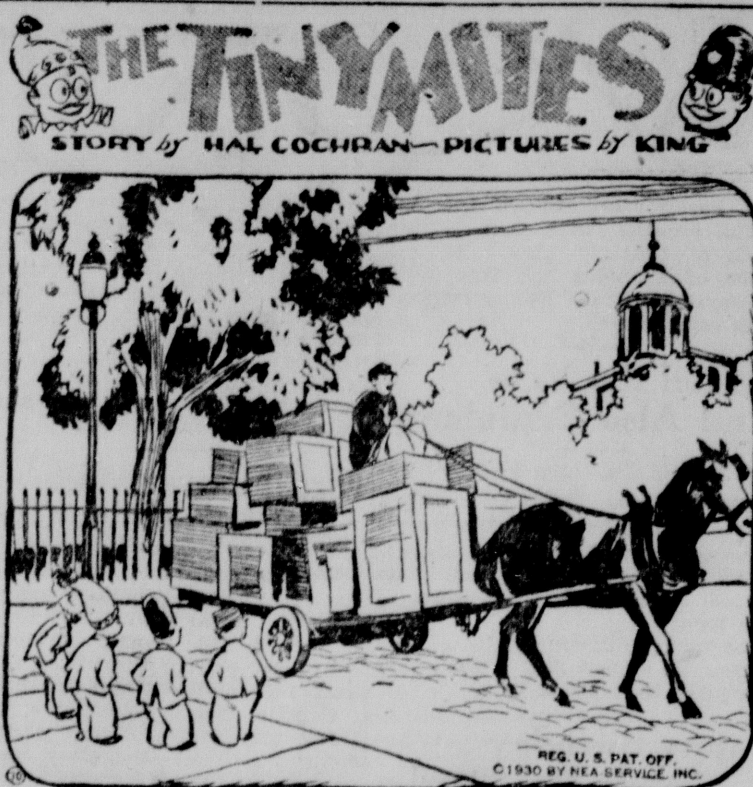

A newspaper editorial asks what has become of the custom in boxing circles of awarding the championship belt to the heavyweight king. Judging from recent championship affairs it would seem most of the contestants really are below the belt.

Despite the fact the New York Giants have been visited by the mumps, the teams they are opposing recently appear to be having the sweller time.

The report that the marines are making Nicaragua prosperous indicates that the natives and not the marines have the situation well in hand.

Though Sharkey and Schmeling, championship contenders, will fight for the benefit of the milk fund, you can depend upon it that they'll get the cream.

The thief who entered a sausage company in Chicago and made away with blueprints of 40 sausage models apparently believed in "getting 'em while they're hot."

(READ THE STORY, THEN COLOR THE PICTURE)

The bunch walked through the narrow street, amused at all the folks they'd meet. Most everybody smiled at them, as friendly as could be. Said Scouty, "Say! I like this town. I've yet to see a person frown. This happy spirit is a thing that quite appeals to me."

The Travel Man replied, "Of course! A smile is sure to be the source of cheerfulness to everyone. That's why it pays to smile. And now you Tinies, too, must try to keep your spirits good and high. Don't get a frown. Be happy! Then you'll all be right in style."

They all thought this a worthy bunch, so all day long the Tiny bunch ran here and there and everywhere, just full of cheerfulness. "As far as I'm concerned," said one, "before, this wondrous day is done, we'd better find a place to sleep. We all need rest, I guess."

So, to a big hotel they went and

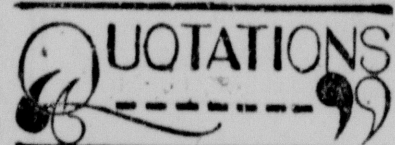

ten good hours in sleep were spent. When morning came the bunch arose and all felt full of fun. The Travel Man then said, "I'll bet you don't know where we are, as yet. This pretty town is Stockholm and there's plenty to be done."

"Now, first of all, of course we'll eat and then we'll hike out on the street. Let's go right down into town. You Tinies like to have your fling and never miss a single thing. While traveling we may as well do everything up brown."

They ate and soon were on their way. Then Clowny loudly shouted, "Hey! Look at that horse and wagon. Driving it must be an art."

Then, as the thing drew right up near they all agreed that it looked queer. Instead of having four wheels, it was just a two-wheeled cart.

#### ADAM SMITH'S BIRTH

On June 5, 1723, Adam Smith, a British political economist, regarded as the founder of economics as a separate branch of human knowledge, was born at Kirkcaldy, Scotland.

After his education at the University of Glasgow and at Oxford he became professor of logic at the former institution. When he was 25 he gave a course of lectures on rhetoric and literature at Edinburgh which not only gave him considerable of a reputation as a scholar but introduced him to the learned and accomplished men of his time. One of these was David Hume, the great philosopher.

In 1763 Smith became tutor for the young Duke of Buccleuch and accompanied him to France. In the year or more he spent in Paris Smith was attracted to a group of thinkers who styled themselves as Economists. Their theories influenced him to such an extent that when he returned to his native town three years later he began to write his famous work, "An Inquiry Into the Nature and Causes of the Wealth of Nations."

Five editions of this book were printed within the lifetime of the author and it is the work upon

which his world-wide reputation rests.

### Prohibition Bills Can't Pass Senate

Washington, June 4—(UP)—With no chance for its consideration in the Senate until the next session, the most controversial of the Wickensham Law Enforcement Commission's prohibition recommendations faced a vote in the House today and was expected to pass. The measure would authorize the trial of petty prohibition cases before U. S. Commissioners.

Two other bills designed to perfect the system of handling minor liquor cases and also doomed to be defeated upon by the Senate at this session were passed in the House yesterday. One, proposed by Rep. Stobbs, Repn. Mass., would modify the Jones "five and ten" law by exempting non-habitual offenders from its most drastic terms if their conviction involved a gallon of liquor or less. The Stobbs bill would limit punishment for such offenders to \$500 fine and six months imprisonment.

The other bill would define the "petty offenses" which could be brought to trial before U. S. Commissioners as cases in which the penalty would not exceed \$500 fine or six months at hard labor, or both. Offenses punishable by death or more than one year imprisonment

would be classified as felonies and intermediate offenses as misdemeanors.

### Hoover Determined On Special Session

Washington, June 4—(AP)—President Hoover intends to call the promised special session of the Senate to deal with the London naval treaty in the day after Congress adjourns.

This was the Chief Executive's answer to suggestions of Republican leaders that consideration of the pact be deferred until next winter as the members of the Senate were growing restless and were anxious to get home for the campaigns of the coming summer and fall.

Such word was taken to him by Senator Watson of Indiana, and Senator Moses of New Hampshire, respectively, the majority floor leader and the president pro tem of the Senate. They made known the Chief Executive's response yesterday.

It was learned, too, that there had also been a frank discussion of party prospects and plans, together with a talk of available means of bringing the President and Congress into closer cooperation.

There were also indications that the complaints of some Republican representatives against the retention of Claudius Huston as Chairman of the Republican National Committee were discussed. Watson and Moses

both declined to say what the purpose of the conversation was.

Meanwhile, Chairman Borah of the Senate Foreign Relations committee, submitted to the State Department the request of Senator Johnson of California for additional portions of the Washington-London correspondence which cleared the way for the recent naval conference. Borah predicted the treaty would be ratified within less than a fortnight's debate.

### Seek Indictment Of Mobile Man In Ind.

Indianapolis, Ind., June 4—(UP)—Indictment of Harold Schroeder, 35, Mobile, Ala., business man, on a murder charge, will be asked of the Marion county grand jury by Sheriff George Winkler.

Leaving Mobile, Ala., last night after investigation there of the torch murder on a road near Indianapolis last Saturday, Sheriff Winkler was enroute home by train to present evidence to Prosecuting Attorney Judson Stark.

Evidence justifies indictment of Schroeder on a murder charge and of conspiracy to defraud insurance companies, Sheriff Winkler said.

Investigators attempting to identify the charred body of a man found in Schroeder's blazing automobile believe the victim may have been a legless beggar seen at the Speedway races last Friday.

### Seek Agreement To Vote On Tariff Act

Washington, June 4—(AP)—Republican leaders of the Senate today sought to work out an agreement that would insure a vote on the tariff bill by the end of the week. Repulsed in an effort to obtain an agreement for a roll-call late in the afternoon on the supplementary conference report, containing the disputed flexible clause. They nevertheless were hopeful the way could be cleared for early disposition of the bill.

A Democratic spokesman, Senator Simmons of North Carolina, ranking minority member of the Finance committee, presented the proposed agreement for a vote today, on the ground that several members wished to speak before taking a roll call.

The State Department has complied with the resolution of Senator Thomas, Democrat, Oklahoma, asking it to submit to the Senate a foreign protests against the pending measure. These totaled more than 160, coming from about 30 nations. Most of them were submitted by foreign trade organizations and individuals and some came from the governments themselves.

By all means do not delay. You should investigate the Dixon Telegraph's Accident Insurance Policy. Cost \$1.25 for a protection of \$1,000 for 1 year.

## Daily Health Talk

WHO TELLS YOU WHAT TO EAT?  
BY DR. AUGUSTIN V. WENDEL,  
NEWARK, N. J.

(This series of articles is prepared under the direction of the Gorgas Memorial Institute, which is organized to perpetuate the life work of the late Major-General Gorgas in preventing unnecessary illness. The headquarters of the Institute are at 131 G. Street, N. W., Washington, D. C.)

Diary rules cannot be laid down for the whole human race, because people differ greatly in their food requirements. So it is never safe to apply random advice, however logical and sane it sounds, to oneself in an attempt at self-diagnosis. Let me cite a few instances which illustrate my point.

About thirty years ago a learned friend of the writer, after reading a then very popular treatise on the deleterious effects of uric acid on the human organism, was so impressed that he abandoned the use of meat in order to escape gout and the various other vicious effects which were predicted in the book. Although he found himself losing in endurance on a lacto-vegetarian diet he held on resolutely to his theory. Sometime later he saw a notice in one of the metropolitan papers of uric acid crystals having been found in the tissues of the nose of a man. As his own nose was decidedly large the fear of a similar contingency drove him to select a diet containing practically no purins. He lived chiefly on peanuts for a number of years and developed a "monotony dyspepsia." Then one day he read a statistical study of gout in the United States which convinced him that this disease is very rare in this country. So he returned to a normal balanced diet and since then has been enjoying the good things.

I can see the reader smiling at the credulity of this man, so here is a more recent case. A very small spare woman came to the writer for a digestive complaint. Examination disclosed a severe dilatation of the stomach. Three months before while listening to a health talk given over the radio she heard the speaker say that constipation would surely be benefitted by drinking eighty ounces of water daily! She has not entirely recovered from the effects of her water cure, which was not suited to her case.

Now the fashion happens to be intestinal auto-intoxication. There is indeed such a thing. Every physician knows that only well, some are very serious cases too. But not every case of coated tongue, bad breath, premature fatigue, weakness, irritable humor, mental confusion, sluggishness and general aching is due to intestinal auto-intoxication. The disorder known under this name usually clears quickly on proper treatment. If the symptoms persist the sufferer should return to his medical attendant at frequent intervals for a revision of diagnosis. Such toxic symptoms may be caused by disease in parts of the body other than the intestine. Or recovery may require merely the elimination of a single article of food instead of a whole group of food-stuffs. Then again, some persons develop what is known as "monotony dyspepsia," when kept for any length of time on a very restricted diet.

It is pitiful to see the debilitating effects of prolonged futile efforts to relieve the symptoms mentioned above which sometimes follow deletion of all animal foods or all starchy foods, etc. The vital depres-

sion resulting from the lack of a balanced ration ends in a state of subnutrition, which lowers resistance to acute infections, especially of the respiratory tract. Pneumonia in such a patient is always a critical affair.

The moral then is that the attempt to make diet control various actual or possible ailments is a delicate technical problem, the solution of which should not be undertaken by the sufferer without consulting the physician.

## LEE CENTER NEWS

Lee Center—Ninety-two members of the Alumni Association partook of the fine banquet served by the Rebekahs last Saturday night in the I. O. O. F. hall. Mrs. Harry Patterson was chairman of the committee. Walter Wellman proved a highly entertaining toastmaster and Co. Supt. L. W. Miller gave an inspiring address. A constitution and by-laws, drafted by Attorney John Wood, was adopted by the association. Officers elected for the ensuing year were president, Lindsay Jeanblanc;

vice president, John Seitz; secretary-treasurer, Mary Grace Blasecker. Among those attending were Attorney and Mrs. John Wood, Mr. and Mrs. Edwin Daw, James Jones, Cecil Natrass, Raymond Bybee, Mr. and Mrs. Harry Duffy, Chicago; Mr. and Mrs. Howard Biesecker, Rockford; Mr. and Mrs. Walter Wellman, Ransom; Mr. and Mrs. Howard Wellman, Plano; Mr. and Mrs. Mark Smith, Rochelle; Co. Supt. and Mrs. L. W. Miller, Dixon.

Mrs. Ernest Anderson of Beaver Dam, Wis., visited over the week end at the John Anderson home. She motored here with Mr. and Mrs. John McNinch, who visited friends in Morrison. Mrs. Anderson and Mrs. McNinch are the former Miller twins.

Mr. and Mrs. Benjamin Woolheather and Mr. and Mrs. Roy Woolheather motored here from Kewanee Thursday and visited at the George Ulrich home, also with Mrs. Hinckley in Dixon. They returned Sunday. The two gentlemen have responsible positions with the American Radiator Company, formerly the Kewanee Boiler Works. Mr. Woolheather is in the stock department, while his son is head bookkeeper and accountant in the office.

Mrs. W. E. Cortright of Franklin

Grove and daughter, Mrs. Harry Willett of DeKalb attended the Memorial Day services and called on friends.

Mrs. Roy Miller of Arminston spent several days last week with her parents, Mr. and Mrs. Grant Fuller. Mrs. Gustavus Hark of Sterling was in town several days last week. Mr. and Mrs. Richard Stanard and two sons of LaMoille, former residents here, called at the George C. Taylor home Sunday. They lost their oldest son, Robert, recently from diabetes and two weeks later their seventeen months' old daughter with a complication of pneumonia and measles. This community extends sincere sympathy to them in their double bereavement.

Mr. and Mrs. C. T. Leonard, daughter Helen, Mr. and Mrs. Frank Leonard, daughter Patsy of Chicago, visited at the S. L. Shaw home over Decoration Day and the week end.

The Christian Endeavor picnic at Lowell Park Thursday of this week.

Marjorie Conibear went to Crystal Lake Wednesday where she will join her sister Bernice and also assist at the country club.

Mrs. Malinda Aschenbrenner and daughter, Mrs. Clarence Martz en-

tertained the Amboy O. E. S. card club Thursday of this week at the home of the former.

Mr. and Mrs. S. L. Shaw spent Tuesday in Milledgeville visiting relatives of the latter.

Mrs. C. B. Atkins of Aurora, Helen Plentje of Prophetstown, Mrs. Maude Ford, son, Elbert, of Chicago, Jean, and Mr. and Mrs. James Wheeler and family, arrived in Dixon Friday with Mr. and Mrs. Hiel Ford near Amboy. Mrs. Atkins has not yet recovered from her recent auto accident and cannot walk without assistance.

Mr. and Mrs. Earle Vivian and little son of Chicago spent the week end at the John Vivian home. Alice Vivian of Rockford was also home Sunday.

School closed a successful year for the summer with a picnic Monday. The teachers went to their respective homes with the exception of Supt. Downey, who will remain for the summer.

## Italian Merchant Is Fined For Speaking Slightly of Pope

Parma, Italy, June 4.—(AP)—A suspended sentence of five months imprisonment and a fine of 1000 lire (\$52.39) was imposed today on the merchant Eugenio of Milan for speaking ill of the Pope.

This was one of the first cases resulting from the Italo-Vatican treaty ending the Roman question by which offenses against the Pope are considered and punished like offenses against the King, Mussolini and the government.

Bassani made a derogatory remark about the Pope to two women who wanted to buy yellow and white cloth to make a Papal flag.

## Kidnaping Tale Is Thought To Be Hoax

Cairo, Ill. June 4.—(AP)—Lawrence J. Miller, Naperville, Ill., contractor, left here today for his home accompanied by DuPage county officers after spending a night in jail where he was lodged by Sheriff Lawrence Bunch on suspicion for observation by physicians.

Stories told the sheriff by Miller convinced the official, he said, that Miller was suffering from hallucinations. He repeated a tale told in southeast Missouri of being kidnaped May 21, taken to St. Louis, where he was placed in a "torture cast" and finally being taken to southeast Missouri where he killed one of his captors by striking him over the head with a jack handle. He insisted he had been robbed of \$1100, although Edward Otterpohl, Chief of Police of Naperville and Allen Myers, state's attorney, who investigated, of Wheaton who met Miller here, said the man could not have had more than ten or twelve dollars.

Both officials said Miller had never shown signs of mental derangement but consented to place him in jail for observation. When released he insisted his story had not been exaggerated.

## Farm Board Wants To Aid Growers Of Apples In The U. S.

Washington, June 4.—(AP)—The Federal Farm Board today announced it was preparing to assist apple growers in the development of local and regional cooperative marketing associations "looking toward the handling of the commodity on a national basis."

Local cooperatives, the board said, will be encouraged to unify their marketing activities and establish regional sales agencies with the hope that eventually there will be sufficient cooperative organization to warrant the development of a national sales program.

## Gangland's Jinx Girl Is Arrested

Chicago, June 4.—(UP)—Margaret Collins, known as the "jinx girl of gangland" because five of her sweethearts have been assassinated, was held here today on a fugitive warrant for Cincinnati police.

She is wanted there on charges of stealing 2,000 dresses, Chicago police were informed.

Miss Collins, 27 and blond, was questioned about several small Chicago jewel robberies but stood silent at the accusations.

When five of her gangster sweethearts, including Dion O'Bannon, met death at the hands of rival gangsters, Miss Collins gained her name as "jinx girl."

Thousands of people have carried the Dixon Telegraph's Accident Insurance Policy. If you are a reader of the Telegraph the cost is \$1.25 for a \$1,000 policy, good for 1 year.

## KEEN and ALERT at "FOUR" the day's grind demands men of unusual Vitality

"Oh! fine."

you want to feel the same way

BUSINESS today requires that the successful man be physically fit and mentally alert. Men, especially, forget themselves physically. Their work demands practically all their time. They do not exercise enough. They get little or no sunshine. They are robbed of a good appetite. . . . and when their red-blood-cells fall below normal their flesh becomes flabby, their nerves unsteady. Their strength must be re-inforced.

Soundness of body and peace of mind depend upon the proper number of red-cells in the blood—5,000,000 to the cubic millimeter. They give blood its color and are carriers of nourishment to every part of the body. It is dangerous to let the red-cell count remain below normal.

S.S.S. has been a blessing to millions who have taken advantage of its wonderful medicinal properties. It helps Nature build rich, red-blood-cells. It promotes healthy body building.

You will be pleased to know that S.S.S. is made from strictly fresh vegetable drugs. It is easily assimilated. Pleasant to take.

Makes You Feel Like Yourself Again

**S.S.S.**

is taken by many people at least once a year to keep their blood in good condition. Seek energy, vitality and the blessings of good health through this time-tested remedy which has been on the market over 100 years. S.S.S. is on sale at all good drug stores in two sizes. Ask for the larger size. It is more economical.

## And Now They Claim Adam Fell For Just Plain Old Pine Cone

Copenhagen, Denmark, June 4.—(UP)—The downfall of Adam in the Garden of Eden was caused by a pine cone and not by an apple, scientific research published today by Dr. Ditlef Nielson, contended.

The Danish scientist after investigations, reached the conclusion that Eve did not hand Adam an apple but that she gave him an Asiatic fruit called Peri, which now is known as a pine cone. Nielson discovered a picture which he said was made in early Babylonian time and which showed Adam and Eve under a pine tree with a pine cone.

## Constable, Negro Both Die In Duel

St. Louis, Mo., June 4.—(UP)—A deputy constable of Imperial, Mo., and a 16-year-old St. Louis Negro were slain in a pistol duel on a lonely road last night.

Conrad Straher, the constable was shot and killed when he attempted to apprehend Joseph Carr, the Negro who was killed, and a Negro companion, Robert Rogers. Straher had come upon them as they were putting two stolen tires on their automobile.

According to Rogers, who was arrested after he had attempted to flee, Straher ordered them to take off the tires and then hit Carr over the head with a pistol. Carr drew his pistol and fired at Straher. As Straher fell he fired a volley of bullets at Carr. The bodies of the two men were found about 50 feet apart by officers attracted to the scene by the shots.

Blondes suffer less from sea-sickness than brunets, according to a sea-going doctor who has made experiments along those lines.

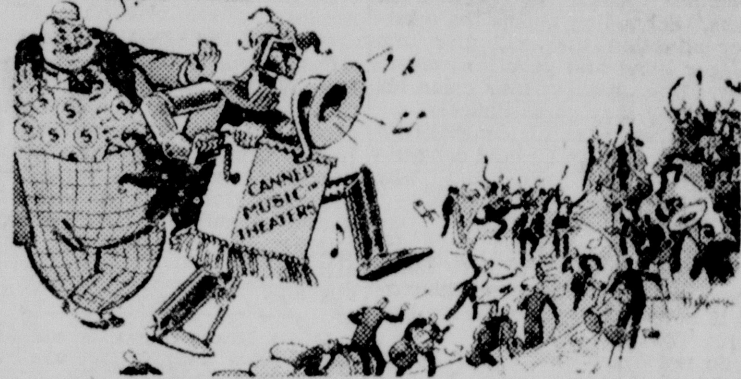

## KILLED BY HI-JACKERS

Indianapolis, Ind., June 4.—(UP)—Ralph (Kentucky) Patterson died in an Indianapolis hospital last night of a bullet wound believed to have been inflicted by hijackers who stopped his automobile on a road north of Lafayette last week.

Fred Vance, 26, alleged companion

of Patterson and S. R. Stafford, 42, to whom the liquor was said to have been consigned, are held under \$5,000 bonds each, pending investigation.

## TRAMPLING ART FOR PROFITS

FOR all its virtues, modern industrialism can run amuck under the spur of greed for profits. Witness, the ruin threatening the Art of Music.

300 musicians in Hollywood supply all the "music" offered in thousands of theatres. Can such a tiny reservoir of talent nurture artistic progress?

The true function of the machine is to increase the value of the product fed into it—not to debase it. Therefore mechanical music, as a substitute for Living Music, is a spurious form of progress—Like a loom converting good wool into shoddy.

The grind organ, however operated, is a grind organ still. For music is an emotional art, a form of social intercourse, and hence dependent upon human contact.

Who profits by the elimination of genuine music from the theatre? Not

## SPORT BRIEFS

### BY THE ASSOCIATED PRESS

Berkeley, Cal.—Varsity and freshman crews of the University of California were enroute east today on an invasion that will culminate in the intercollegiate regatta at Poughkeepsie June 26.

The Bear eights will arrive at Princeton, N. J. Sunday, to prepare for a triangular regatta with the Navy and Princeton varsity and freshman crews at Lake Carnegie June 14. The Californians left here last night.

Detroit.—Primo Carnera, who hasn't been able to find anyone his size to "pick on" and enter the ring tonight in Floyd Fitzsimmons' arena, at the state fair grounds with K. O. Christner, the Akron, Ohio, "rubber man," the most formidable opponent he has encountered in his long American fistful tour.

Christner has kept his feet in bouts with some of the best heavyweights and the bout tonight may provide a check on the actual power behind the punches of the Italian giant.

Primo is expected to tip the beam at around 275 pounds. Christner weighs only about 197 but is conceded to have an advantage in ring technique and experience.

The bout is scheduled to go ten rounds.

Little Rock, Ark.—Golfers pricked up their ears here today when they learned that the courts have been called upon to decide if a dubbed drive constitutes "negligence."

Olaf H. Kyser took the matter to Pulaski Circuit Court, filing suit for \$556 against Dr. F. F. Woods as damages for injury when he was struck by the latter's golf ball in February while both were playing at the Sylvan Hills Country Club.

As Mr. Kyser sees it Dr. Woods "negligently" drove his ball to the left, thereby causing him deep pain."

Atlanta—Bobby Jones' ball club still is celebrating his triumph in the British amateur championship.

The Atlanta Crackers of the Southern Association—Robert T. Jones, Jr., vice president—went on a victory spree the day Bobby beat Wethered in the final match at St. Andrews. They ran their winning streak to six straight yesterday by beating Birmingham, 8 to 6. Their drive has lifted them out of the cellar. Previously their best record was two straight.

Chicago—Les Marriner, University of Illinois football star, is going to quit boxing for the high and wide open spaces. He is to become an aviator.

Marriner received orders today to report to March Field, Riverside, Calif. June 16 to begin an eight months training in the Army aviation school. He will toss the gloves aside during that period. Marriner met with misfortune during his brief career as a heavyweight, fracturing his right hand four times. The damaged hand, however, is in perfect condition at present and he intends to resume his ring career after finishing his military training. He holds a Lieutenancy in the Reserve Corps.

Chicago—Ed Stevenson, manager of Otto Von Porat, stiff-punching Norwegian heavyweight, has a date with the Illinois State Athletic Commission today to explain why he changed his mind about letting Otto fight William Stribling in the Chicago Stadium June 16.

Before the Norwegian paralyzer met and knocked out Jack Gagnon of Boston last week, Stevenson agreed to send Von Porat against

Yesterday when the contracts were offered Stevenson refused to sign, and according to Matchmaker Lewis, said he had been advised by "someone on the outside," to refuse the bout.

The commission became interested when the "someone on the outside" angle was presented and asked Stevenson to come to its office and reveal the identity of the influential outsider. Stevenson refused to tell Lewis who the individual was.

## BROOKLYN MAN AND SONS DON'T KNOW WHO WINS

### But They'll Collect A Big Sum In Lottery And Then Divide It

New York, June 5—(AP)—It was still a question today in the Dougherty family of Brooklyn whether Edward and Daniel, broker-agers, or their father, a hotel-ecorman, owns the ticket which won \$149,262 on the English Derby yesterday in a Quebec pool.

But on one thing the boys and Dougherty were agreed: Somebody ought to get up to Quebec in a hurry and collect the money.

So all three planned to start for Canada today—and when the money is actually in hand they decide how to divide it.

Edward said he and his brother, who work in the same brokerage house on lower Broadway, were partners in the ticket, which is in Edward's name. Their father still protested, more and more feebly, that all or part of it was his.

But what threatened last night to be a family altercation of major proportions had calmed down today, with the three agreeing that \$149,262 was enough money to make them all comfortable. The Doughertys live in a \$25-a-month Brooklyn apartment.

### SOME DOUBT ON WINNER

Barnstable, Eng., June 5—(AP)—Several people of this town got a rude shock today when doubt was thrown upon the correctness of reports they had won a good sized fortune from the Calcutta Sweepstakes through Blenheim's victory in the Derby yesterday.

What was stated to be the official list published today failed to reveal the ticket held by Percy Hogg, Southern Railway engineer, and five other railway men and one street sweeper, as drawing one of the Blenheim first prizes.

However Hogg and his friends are declining to allow their dream of wealth to be completely dissipated and are insisting they were informed by banking authorities. Consequently they are refusing to believe that after all they were not the lucky winners.

## Baseball Gossip

### By HUGH S. FULLERTON, Jr.

#### Associated Press Sports Writer

Dan Howley, manager of the Cincinnati Reds, has become one of the leading experimenters of the National League as well as one of its leading traders, and he has prospects of good results if he can mold the material he now has into a co-ordinated baseball team.

The Reds, as they are now, seem to have everything but the ability to make their hits count. They got plenty of blows, 84 of them in their last seven games, and frequently have good pitching to go with them, but still they lose the close decisions and games in which they have the best of the hitting.

Howley shook up his lineup again yesterday, putting Pat Crawford in the lineup and making Bob Meusel lead off man. The result was good enough to produce 14 solid hits but not a victory. Their opponents, the New York Giants got but 12 blows, but six of them came in succession from the first six batsmen in the opening inning and started the Gi-

ants off to a 6-1 lead and an 8 to 5 victory.

The hit totals made by the Reds and Giants, big as they were, appeared small when the Chicago Cubs got into action and they trounced the Boston Braves, 18 to 10. The Cubs hit 20 times for 34 bases, getting six doubles, a triple and two homers and gave Harry Seibold and his two successors a bad time of it. This was the second successive time Seibold had been driven from the mound after starting the year by pitching nine full games.

The Cubs finished only two games behind Brooklyn as the Robins literally threw away a game to the Pittsburgh Pirates by a 12 to 6 score. The Robins made eight errors, most of them on bad throws, and nearly every bobbie meant a Pittsburgh run. The Pirates made five errors on their own part but not at such costly points in the game. This result left the Pirates only a game behind the St. Louis Cardinals, who lost the day's only mound duel in the National League too Philadelphia, 2 to 1. Ray Bengie gave the Cards only four hits, Chick Hafey's homer, bringing the one run.

The American League reversed the procedure of its elder rival completely and produced four tight battles, three of them going ten innings apiece, and left the positions of the leaders unaltered. The leading Philadelphia Athletics beat out the St. Louis Browns, 4 to 3, in the only nine inning contest as Sam Gray, formerly the star of the Browns mound staff, lost his ninth straight game.

Washington, in second place, scored three runs in the tenth to beat out the Detroit Tigers, 11 to 8.

The Cleveland Indians and New York Yankees remained in third and fourth places respectively, the victims of upsets. The Yankees, dropped an 8 to 7 decision to the Chicago White Sox as Johnny Kerr followed the example set for him a few innings earlier by Babe Ruth and won the game with a home run after two were out in the tenth inning. The Babe had tied the count in the seventh with his eighteenth homer of the year. Ed Morris of the Boston Red Sox proved better in the long run than Willis Huddlin of Cleveland and gave Boston a 5 to 4 victory in another ten inning duel.

## Plantago Is Winner Of Coronation Cup

Epsom Downs, England, June 5—(UP)—Plantago, owned by the Anglo-American, W. M. G. Singer, won the Coronation Cup by a neck today from Jacques Witouck's Palais Royal II. William Barnett's Athford was third, a length back.

Sir started in the race over the Derby distance of approximately a mile and a half. Plantago was 7 to 2 in the betting, Palais Royal II favorite at 5 to 2 and Athford 9 to 2.

The cup was won last year by Mrs. John D. Hertz's great American thoroughbred, Reigh Count.

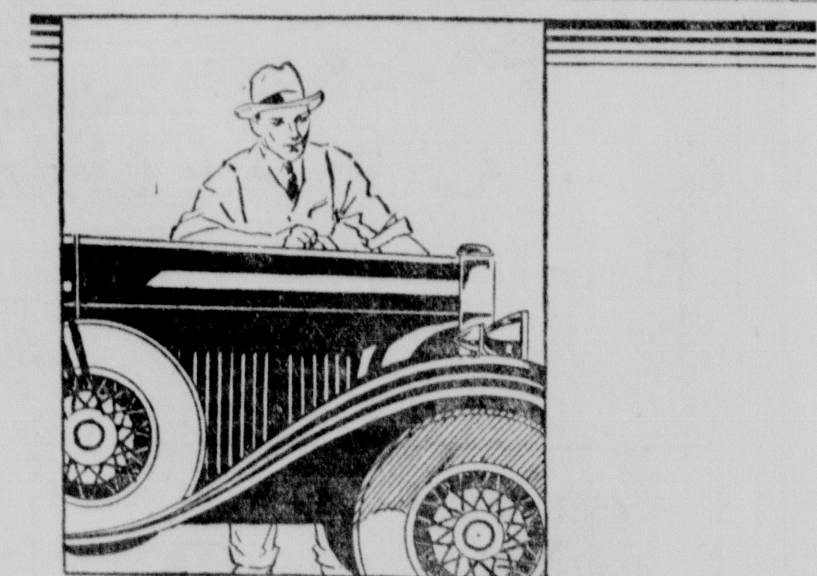

## Look For Parents Of Wisconsin Children

Billings, Mont., June 4—(AP)—Two modern "babes in the woods" lost but not stolen, today were cared for by officials here who sought their parents, Mr. and Mrs. George Redding, of Racine, Wis.

The Reddings and their two children, accompanied by Paul Eken, 20, driving another automobile, were continuing a motor trip through the west last Wednesday. Dorothy Redding, 14, and Aletha, 7, were riding in the car driven by Eken, when he halted to repair a tire.

Later, when Eken reached Terry, Mont., the next town and an agreed meeting place, Mr. and Mrs. Redding could not be located. They have not been found yet.

Eken drove through the state seeking the parents until his money became exhausted. Then he turned the children over to state humane officers.

## GERMAN IN FINE CONDITION FOR COMING BATTLE

### Schmeling is Hopeful He'll Get His "Chance" In Sharkey Scrap

#### By EDWARD J. NEIL

Associated Press Sports Writer  
Endicott, N. Y., June 5—(AP)—Max Sigrid Adolph Otto Schmeling

is an engaging young man without a complex inhibition or sign of unruly temperament to his lengthy name. As he sits in the living room of his well guarded cottage playing over and over German phonograph records, he doesn't even talk a good fight. Yet one week from tomorrow night in the Yankee Stadium, this 24-year-old Teuton, who has scaled the heavyweight heights in two short years, will battle Jack Sharkey for the highest prize fistiana has to offer. He will fight the best he knows how, calmly, carefully, evenly but at a terrific pace, and if his best is not enough—well, he is still 24 years old and life even in a fistie sense still leads long before him. Max may lose to a better man. He frankly admits that may happen, but he doesn't think that man is Sharkey.

#### In Superb Condition

Colored an Indian brown by the sun in his outdoor workouts, the young German is a picture of superb condition as he bolls in his easy chair, happy to talk of fights in his halting English literally sprinkled with German phrases when the subject gets complicated and thoughts come too fast. His high cheek bones, shaggy black eye brows, deep color, and animation leave an indelible impression of Jack Dempsey when the old mauler weighed 187 pounds and was eager to tear the world apart with his iron fists.

"I hope I beat Sharkey," he said with a smile and a wave of both hands. "I do not know. No one knows. If I get my chance, I win. If not, I lose."

To Schmeling, almost a fatalist in his attitude toward the coming contest for ringdom's highest stakes, this statement covers the entire situation. By "chance" which he pronounces "shenks," Schmeling means the opening or situation that will give him the upper hand and pave the way to victory. The breaks may come his way—or they may go to Sharkey.

"If Sharkey wins, I congratulate him. The same way I would congratulate myself if I win. But why should I lose?" he asked.

Hasn't Planned Fight  
"Sharkey is a good boxer, yes? He hits, punches good with left hand, no; well, maybe it make him discouraged if he can't hit me with his best punch. That is important."

"I do not know how I fight Sharkey. In my training camp I have

different styles. No matter what style Sharkey fights, I am ready for him. "Sharkey is a good boxer, yes? They say I can't hit a good boxer with my right hand. They say he will defend against my right all the time with his left and I never hit him. That is foolishness."

"He must punch at me sometime, no? When he punch at me he moves his hands, yes? When he does that he leaves an opening, nicht wahr? Then I can punch. Then I will hurt Sharkey. Maybe my shenks come then."

"Only have I seen Sharkey box in a gymnasium and then he—what you call it—clown around with his sparring partners. Even so I know he is a good fighter. But maybe I am a better fighter. Who knows?"

## Entry List Broken For Chicago Events

Chicago, June 5 —(AP)—Nothing less than a world record in the 16-pound shotput will satisfy Harlow Rotherth, senior member of Stanford's great firm of weight men—Rotherth and Krenz—in the National Collegiate Athletic Association championships at the University of Chicago Friday and Saturday.

In the eastern intercollegiate last week Rotherth was less than the width of one of his powerful fingers away from the world record of 52 feet, 3-4 inch, when he tossed the ball 52 feet, 1-4 inch. Friday and Saturday he will go out with but one idea—to toss John Kuck's mark overboard.

His competition will come from Krenz who is good for 50 feet or better almost any time; Paul Jessup, the towering University of Washington star who also is in the 50-foot class; Jim Baush of Kansas, whose best effort this year was 49 feet, 10 1-2 inches, and Sammy Behr, Wisconsin southpaw, who set a Big Ten record of 49 feet, 1 1-2 inches. Rotherth holds the meet record of 50 feet, three inches, set last year.

Ed Hamm of Georgia Tech, will return to try for another broad jump title after a year's lapse. He hopes to break the meet record of 25 feet, 10 7-8 inches set in 1925 by Dehart Hubbard, Michigan Negro.

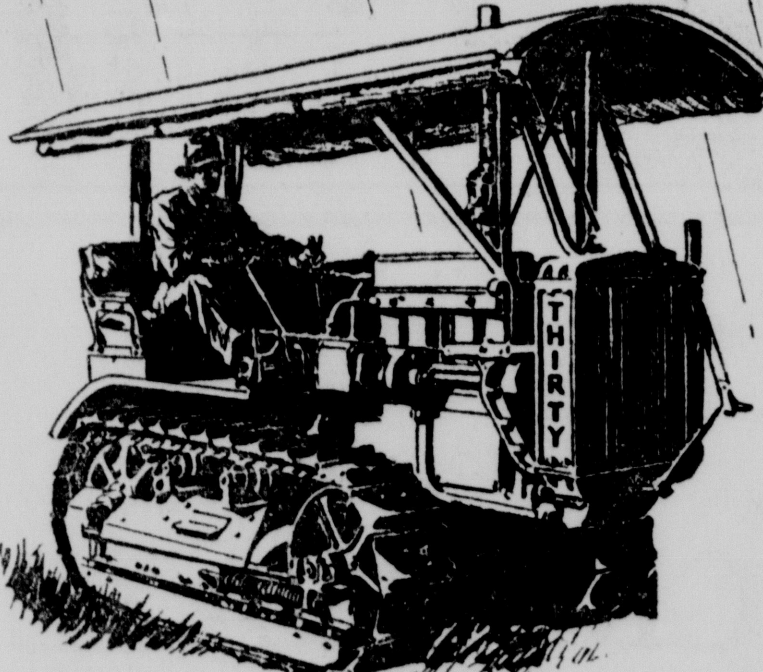

One meet record already has been broken—the entry list. This year's includes 425 names, with 90 universities and colleges represented. Late entries were California, Illinois, Pittsburgh and Rice Institute.

### REV. ELSING KILLED

Cincinnati, O., June 4—(UP)—The Rev. Warren Elsing, 45, of Exeter, Calif., delegate to the Presbyterian general assembly here died today from injuries suffered when he jumped or fell from a third floor of the Alms Hotel late yesterday. He had been suffering from a nervous collapse. His wife has been notified and was reported enroute here by airplane.

## SINGING IN THE RAIN WITH THE CATERPILLAR TRACTOR

RAIN does not stop the farmer who has a "Caterpillar" Tractor. In harvesting you can cut between showers, if the grain is not too wet. While your neighbors are waiting for the ground to dry, you are out there working your "Caterpillar" and getting things done. With sure, non-slipping traction, and weight spread over the broad, flat tracks—you can run your "Caterpillar" over wet fields, mud and muck, and do your work day in and day out in any kind of weather.

That's the kind of service that gets your plowing, planting and harvesting done on time. You'll be surprised to see how much more work you can do in less time, how much more your profit will be when the season is over.

# BEWARE OF GASOLENE WEIGHTED WITH GUM

Gum in gasoline is a thief of power. It makes your engine labor—it makes your valves fight to get free—it robs your motor of valuable compression.

Don't put this extra burden on your motor by thoughtless purchases of gasoline.

Insist on Koolmotor Gasolene, the original high test, anti-knock green gas. Harmful gum has been removed from this powerful, clean burning gas. The mini-gum process, descriptive of the extra care and extra refining used to produce this superior motor fuel, has reduced the gum content in Koolmotor Gasolene to a harmless minimum.

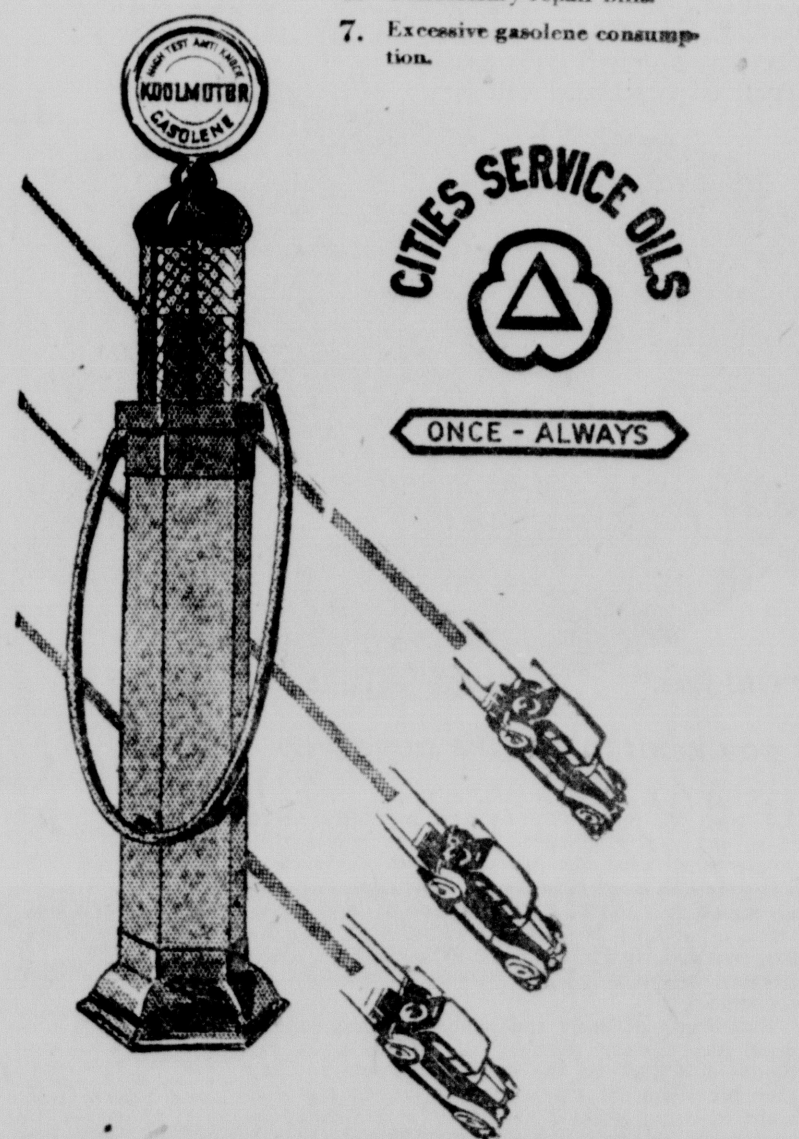

Koolmotor Gasolene vaporizes quickly, burns freely, leaves no sticky, gummy deposit behind. It is full of power, full of speed, ready to go when you are.

Keep your motor clean—give it a chance to do its best—relieve it of the burden of gum-stuck valves. Keep your tank full of Koolmotor—the gasoline that's free from harmful gum.

## ROCHELLE NEWS

Rochelle—Mrs. William Reinke of 315 Ninth St., and Mrs. John Biederstadt, twin sisters, celebrated their seventh birthday anniversaries Tuesday, June 3rd. Luncheon was served at the William Reinke home at 5 o'clock and a decorated birthday cake was a feature. Mrs. Paul Leszinski, and daughter, Elaine Adele of Rockford were out-of-town guests. Covers were laid for fifteen. A group of older folks were invited to spend the evening.

Mr. and Mrs. William Reinke celebrated their fiftieth wedding anniversary. The twin sisters are natives of Germany. Mr. Biederstadt died several years ago.

Randall Thorp, son of Mr. and Mrs. Walter Thorp, of Lexington, Ky. had his tonsils removed at Rockford Tuesday.

Glenn Wilson, Jr., of Rochelle, is spending this week in Polo with his grandparents, Mr. and Mrs. Frank Wilson.

Mr. and Mrs. Leslie S. Bain and children spent Memorial Day, Wisconsin, with relatives.

H. R. Lissack, superintendent of Rochelle's graded public schools, plans to attend the summer session of the University of Minnesota at Minneapolis, where he will take work leading to his doctor's degree. Mr. and Mrs. Lissack will spend the summer in Minneapolis.

A good rain is needed. The continued dry weather is harmful to the asparagus crop and rain would help the farmers, gardens and lawns.

Mr. and Mrs. Frank Zimmermann and son are moving to Beloit, where Mr. Zimmermann will be associated with his father-in-law in the real estate and insurance business for the present.

Mr. and Mrs. Edgar Fell and family of Pontiac, Mich., and Mr. and Mrs. Richard Holland of Sandwich spent Memorial Day and the week end with Mr. and Mrs. George Cobb.

H. R. Lissack and George N. Grieve motored to Chicago, Tuesday. The firm company was called Sunday afternoon to extinguish a blaze in some rubbish at the new Hub Theater site.

Miss Mildred Park has taken a stenographic position with the Geo. D. Whitcomb Company, starting June 2nd.

R. J. Frolke left Sunday for California where he will spend the summer.

Curtis Gleason has been appointed supervisor of agents for the Franklin Life Insurance Co. for this district, which includes five counties.

Mr. and Mrs. George Kramer spent the week end in Dubuque, Iowa.

The Men's Club of St. Paul's

Lutheran church held a meeting in the church parlors Monday evening. Examinations are now being held at the township high school.

Mr. and Mrs. Harry Freeland and baby and Mr. and Mrs. John D. Sullivan spent Memorial Day at Grand Detour.

Mr. and Mrs. Milo Patterson and family of Detroit, Mich., spent Memorial Day here. The Spanish-American war veterans had a full squad in the parade.

The eighth grade graduation exercises were held in the Junior High School assembly room Thursday at 2 o'clock.

The program arranged was as follows:

March..... Grade School Orchestra  
Invocation..... Rev. Frank Campbell  
Solo, "Spring Song"..... Bronte

Address..... Elizabeth Unger  
Presentation of Diplomas..... Rev. J. A. Foard

President Board of Education..... W. F. Hackett

Presentation of Grieve Award..... Supt. H. R. Lissack  
Specialty.....

Members Graduating Class  
Presentation of Legion Award..... Supt. H. R. Lissack

Presentation of Legion Auxiliary Award..... Mrs. Walter Kiewit

Music..... Grade School Orchestra  
Benediction..... Rev. Frank Campbell

A class of forty received diplomas. They were: Mary Ellen Allison, Beatrice Anagnos, Wilson Beaman, Elaine Bienenfang, Norval Casey, Clarence Conrad, Lawrence Dailey, William Davis, Harriett Dettman, Esther Eckhardt, Ralph Etzmoed, Clarence Ewbank, Harold Furman, Margaret Graf, John Gross, James Gray, Mary Hay, Dale Heath, Marian Hester, Elizabeth Hodge, Arthur Jacobson, Scott McCray, Allan McEachern, Thelma Nesvig, Elva Olson, Glenn Olson, Fremont Parker, Lois Pinkston, Glenn Rhoades, Elizabeth Rippenhop, Lou Rene Seiple, Charles Spitzer, Catherine Tilton, Russell Tilton, Betty Unger, Clarence Vance, Franklin Walters, Ellen Watson, June Wilcox, Sherburne Wrick.

The Central Community Chautauqua will be in this city the week of June 14 to 18 inclusive, and those who are sponsoring this project are anxious to have the support of the community.

On the opening night which will be Monday, June 14, there will be a three act comedy: "Tea For Three". A cast of able and experienced actors will stage this play, which because of its humor and common sense, has proved a favorite in the cities where it has been presented.

The International Concert and Opera Co., will provide the music for the second day. In the evening, Gounod's opera, "Faust," will be appropriately costumed and staged.

Miss Eloise Drake, a lyric soprano,

takes the role of Marguerite, Alexius Baas the part of Mephistopheles, Stanley Mornet, tenor, will sing Faust. Miss Dorothy Nommenson is cast in the double role of Siebel and Martha. Miss Margaret Otterson will accompany at the piano. Mr. Baas is a composer and singer of national reputation.

The Dixie Merry-makers, a company of instrumentalists, have the program for the third day and the prelude for the night. Hal P. Denton, nationally known editor and Washington correspondent, will speak on the subject, "Behind the Scenes of the National Capital." He has been personally every president from McKinley to Hoover.

The Olive Kackley Players bring two great plays. In the afternoon they will offer the three-act comedy, "Back Home and How," and "The Enemy." Miss Kackley has been a favorite before Rochelle audiences and her appearance with her able cast will no doubt be welcomed.

The closing day will be different from the preceding days. The Fav Epperson Whistling Ensemble will appear in a program of solos, duets, trios, and readings. The Junior Chautauqua will give their demonstration in the afternoon, preceding the musical program. In the evening R. S. Wallace, naturalist and student of bird life, will give a lecture preceding the musical program.

The Junior Chautauqua director will arrive in the city three days before the Chautauqua opens, thus giving the children eight joy days.

Leake spent Thursday afternoon in Dixon.

Dorice Frazier spent Monday and Tuesday at the home of Mrs. Frank Buchanan.

Dorothy Dewey entertained Mr. and Mrs. Everett Misner at dinner Sunday.

Mr. and Mrs. W. A. Bauer and son of Evanston spent the week end at the James Pankhurst home.

Mr. and Mrs. David North and nephew Glenn North visited with relatives in Sandwich Sunday.

Mrs. D. R. Maynard entertained the lady teachers of the Amboy high school Saturday with a picnic dinner.

Mr. and Mrs. George Green entertained relatives at dinner Sunday.

## Veteran Of Many Campaigns Takes Life; Ill Health

Menlo Park, Calif., June 4—(UP)—A worn veteran who had seen much honorable service with Major General Augustine Devole, 71, holder of the distinguished service medal and prevoist marshal general of the United States during the world war performed his last duty to his owner yesterday when it ended his long battle with disease.

His body, with the right hand still holding the revolver, was found in his Menlo Park home by his wife. Devol had been dangerously ill for months with Bright's disease.

Born at Waterford, Ohio, in 1859, he entered the army in 1879 as a second lieutenant, and rose to the rank of quartermaster general before the world war. He saw service in Indian campaigns, the Spanish-American war and the Philippine insurrection, and after the war was appointed general manager of the American Red Cross.

ROCKFORD MAN KILLED  
Rockford, Ill., June 4—(AP)—The third fatality in construction of the Rockford Sanitary District sewer occurred today when a falling hoist boom killed Samuel T. Provo, pumping engineer. Stanley McClure, another employee, suffered a fractured shoulder.

Mr. and Mrs. Earl Suter of Oak Park were callers Saturday at the James Pankhurst and W. J. Leake homes.

Mrs. Chrissie Bubeck is spending several days visiting in Chicago.

Mr. and Mrs. Frank Atkinson and George Kilmer left Saturday night for San Francisco, Calif. where Mrs. Atkinson will enter a sanatorium for treatment.

## PEOPLE'S COLUMN

**BUILDING CODE**  
There has been so much said of the evil effects of the building code by those whose only object could be that it in some way interfered with their own peculiar and in some ways devious practices in construction. Are the knockers the only really true friends of the public, or are they trying to bolster up their claims to being such?

After a rather well advertised case where fine linings were the bone of contention and the necessity of its use positively decreed, I do not hesitate to make this assertion.

I have not in years worked on a set of plans or specifications that came from a licensed architect of the state of Illinois, that did not specify fine linings in all cases.

Are the architects all wrong or is the builder who has made his own plans with no clear specifications wrong?

What motive compels the knocker to criticize something which is in such general use in practically every city in this state and in fact throughout the nation? Is it real interest in the well being of his fellows or is it self-interest that produces the wails of anguish? Let the public whose position must be that of the victim if these wails are to be believed, or the beneficiary of a protective measure if we are right.

The public should also be informed of this fact. Our neighbors, Rockford, Freeport, DeKalb and Sterling, are operating under a similar code. Ours was drafted after carefully going over the codes of these cities and using that which would best meet our requirements, and we have a more liberal code than any of the cities above mentioned.

Those who aided most in the drafting of the code adopted and in operation since January 1, 1930, are

Las Vegas, Nevada, June 4—(AP)—Harley A. Harmon, attorney for Leonard Kip Rhinelander, member of a socially prominent New York family, who recently received a divorce here from his octogenarian wife, Alice Jones Rhinelander, said today that his client had offered to meet and discuss a property settlement with his former wife.

The proposal to meet and discuss a property settlement was made today by long distance telephone to New York. Harmon said the settlement which Rhinelander planned to offer if the conference is agreed to, is similar to the settlement made voluntarily after the divorce was granted, under which a trust was established for Mrs. Rhinelander which yields her approximately \$250 a month.

Kendallville, Ind., June 4—(UP)—The bodies of Emma Menzel, 22, of Kendallville, and Marion Casebeer, 30, of Montpelier, Ohio, were found today in an automobile in a woods near here.

Miss Menzel apparently had been strangled and then shot through the heart. Two empty poison bottles nearby indicated Casebeer had committed suicide.

those in the building industry who attend conventions, state and district of those who are endeavoring to keep informed of the most modern and best practices of the industry, who hear from the lips of nationally known men discussions of almost every matter concerning the conduct and best practices of the industry.

These men do not sit at home, nor do they, unless attacked by the sitters, attempt to belittle the efforts of any one who is really qualified to speak on matters concerning the public and the industry affected.

Will the public be led by the knocker or will he be told to use the hammer by driving a few more nails in making a better and more substantial job?

Yours in behalf of those who so unselfishly aided in the preparation of our code.

ROBGRYPAI

This is the life.

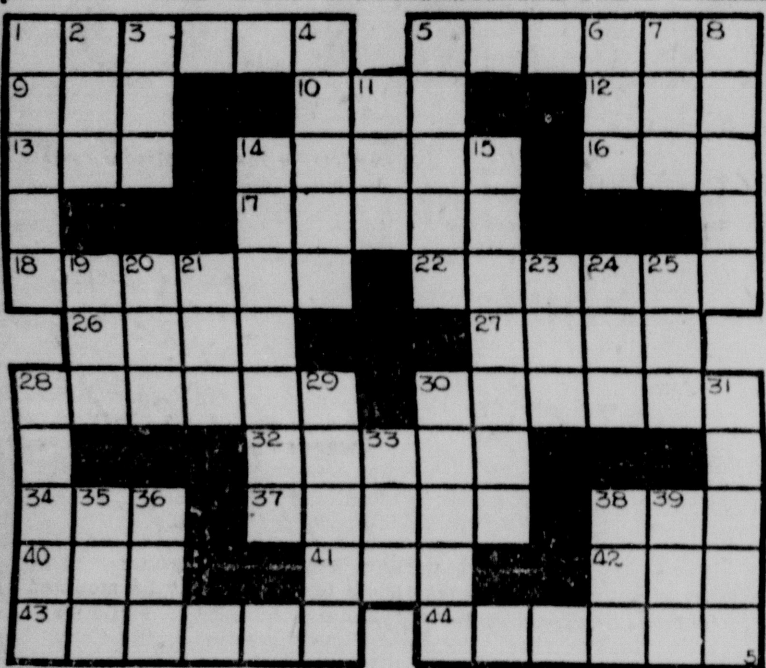

(Copyright, 1930, NEA Service, Inc.)

There are at least four mistakes in the above picture. They may pertain to grammar, history, etiquette, drawing or whatnot. See if you can find them. Then look at the scrambled word below—and unscramble it, by switching the letters around. Grade yourself 20 for each of the mistakes you find, and 20 for the word if you unscramble it. Tomorrow we'll explain the mistake and tell you the word. Then you can see how near a hundred you bat.

WEDNESDAY'S CORRECTIONS

(1) The sign, "To Sandusky," points both ways. (2) The shield route sign should have U. S. on it. (3) The sign indicating cross roads should be facing in the opposite direction. (4) The same sign should be marked with a cross instead of a curve. (5) The scrambled word is SERENADE.

**REPUBLICANS OF COOK COUNTY TO ASK REFERENDUM**

County Committee Will Circulate Petition Asking For Vote

Chicago, June 5.—(AP)—Cook County Republicanism, reiterating through its central committee its opposition to prohibition, new proposals to go into the November election fathering a wet-or-dry referendum.

The committee today was circulating petitions to get on the November ballots the following questions:

"Shall the eighteenth amendment be repealed?"

"Shall the Volstead act be modified or repealed?"

"Shall the Illinois search and seizure act be repealed?"

The Cook county Democratic organization began an agitation for similar action several weeks ago, but it failed to gain unanimous support.

Chairman Anton J. Cermak, speaking for the "wet" faction of the Democratic party, said today that the Republican action was a "subterfuge" intended to save for the Republican candidates "wet" votes which might otherwise be deflected to the Democratic candidate for United States Senator, James Hamilton Lewis.

"Mrs. Ruth Hanna McCormick, the Republican Senatorial candidate, is a dry," Cermak said. "The Republican organization, in advocating a wet-or-dry referendum, is trying to fool the voters into believing they can register opposition to the prohibition law and at the same time vote for Republican candidates."

Bernard W. Snow, Republican County Chairman, announced the committee action.

A "concrete expression" of the voters' attitude, he said, is needed. It is in this mind that the committee has begun the circulation of petitions, which must have 350,000 names before the proposition can be submitted to the voters.

adine's gradual, but steady sinking, turned his heart to stone against Natalie. Whenever he looked at the sick woman's sunken cheeks and deeply recessed eyes, he felt a new wave of anger come over him.

For Bernadine had never left her bed after Dr. Wagnall had said she must stay there until he gave her permission to get up. To the medical man, the end was coming about as he expected, but Alan could not escape the belief that Bernadine had suffered a shock through Natalie's act from which she could not recover.

NATALIE OVERSEER, because of her husband's friendship with BERNADINE LAMONT, leaves him. Alan in response to his friend PHILIPPA WEST who is seeking to make an advantageous marriage.

Natalie returns, and Alan realizes that he has been deceived. He is angry and bitter. He is angry and bitter. He is angry and bitter.

Natalie's sister, FLORENCE, takes an illness to bring Alan back to his home. But Alan's chattering tongue for Philippha permits her still to stand between him and Natalie.

Natalie goes to Alan's office and there meets Bernadine. Her old jealousy flares up again and she orders that her friend, Natalie, be kept out of the office.

Natalie is there, Natalie leaves in despair.

Philippha, fearful Alan's anger will not endure, sends a letter from Bernadine in a plot to discredit Natalie. She changes the name of a work Bernadine wants to have to one that is worthless. Bernadine comes to the office after the order has come through and disobeys the change that has been made in the letter. Natalie, disapproving, tells her to go home.

Natalie is stricken to utter helplessness by his accusation. Alan leaves her and goes to her office to offer to repay her losses. He tells her he is through with Natalie for all time. Bernadine is worried over her little boy, BOBBY'S, future.

Alan follows after Alan is hurriedly called to her home.

NOW GO ON WITH THE STORY

CHAPTER XLII

ALAN did not want to think of Natalie, as he rushed up to Bernadine's in response to the urgent summons from Dr. Wagnall, but he could not put her out of his mind.

She was always present in his thoughts whenever he went to Bernadine's. "It's because we used to live in Westchester," he told himself, half angrily, half excitedly. He did not want to believe Natalie now held even the tiniest place in his heart.

He had not forgiven her for her last letter—she wrote it in anger—though he kept it where he could read it often. "Just to remind myself what an utterly callous creature she is," he would say to himself. "Giving me my freedom! What a gesture! As though she had not ended every thing through what she did to Bernadine!"

## FRENCH TO KEEP EMBASSY WINE STOCKS UP

### Quai Decees Each of Foreign Posts Should Advertise Vintages

By RALPH HEINZEN  
(United Press Staff Correspondent)  
Paris—(UP)—Ruling that French embassies scattered over the world are as bits of transplanted French soil, the Quai d'Orsay has decided that French embassies and legations will remain "wet" in the United States, Finland and other countries which may have or may in the future vote prohibition laws.

Not only does the French government intend to continue to furnish its diplomatic stations with wines and liquors, but it hopes that every embassy will become a show-window for the sparkling wines of France.

Records at the Quai d'Orsay show that the French Embassy under the Claudel regime has been less "wet" than at any time since prohibition invaded the United States. That is only because M. Claudel drinks but little, for there is no attempt on the part of the Foreign Office to curb wine bibbling on the part of its diplomatic employees.

An official of the Quai explained that each embassy and legation writes out an official order when ever the caves decline in size. These orders are entered in the books in Paris and shipments of wines and liquors are sent through the diplomatic courier and enter the friendly countries with diplomatic immunity.

Strangely, the Washington Embassy, although in the largest country in the world, consumes far less spirituous liquors than most other French embassies. The proportion of wine is high at Washington, but the total last year was the smallest in 10 years.

The Washington Embassy, according to wine students at the Quai, has the finest "library" of rare wines of all embassies, including some very rare Chateau Yquem and Margaux. These are for state occasions.

E. E. LOOMIS, PRESIDENT OF THE LEHIGH VALLEY RAILROAD COMPANY, SAYS:

THAT few persons seem to appreciate the struggle the railroads must continuously wage to maintain their service at its present high standard. There is a constant demand for faster and more exacting service, necessitating enormous expenditures for special equipment and additional mechanical safety devices, etc.

The railways, at the demand of regulatory authorities, must spend many millions of dollars annually for the elimination of grade crossings. Railway taxes have increased over 300 per cent since 1911 and now amount to more than \$1,000,000 per day.

At the same time, the Government is spending vast sums of public tax funds on inland waterways which tend to divert freight business from the railroads in face of the fact that their most urgent need is additional traffic.

Railway rates are regulated by the Interstate Commerce Commission while their competitors on the highways airways and waterways are not so regulated.

THE QUESTION IS—HOW LONG CAN THE RAILWAYS CONTINUE TO PROVIDE EFFICIENT TRANSPORTATION UNDER THESE CONDITIONS?

## BOY SCOUT NEWS

"Hurry Scouts, register for Camp at once." Camp Amos Horton at Lyndon is nearly filled to capacity. The following reports indicate the number of Scouts that have registered by periods:

First, 51; Second, 72; Third, 78; Fourth, 70; Fifth, 75.

Seventeen more vacancies to fill and the Camp will be occupied completely for camping season in 1930. The last chance to be a part of a great outdoor adventure. Send in your application to 517 Mead Bldg., Rockford, Ill., for the First Period only, as the other periods are completed.

Monday at the Lutheran Orphanage a meeting was held for first organization of Troop 107. The Jamboree Pictures were shown. Walter Grebner and two scouts of Troop 90 of Sterling were present to describe the trip abroad to the children of the orphanage. The charter application for this troop will be sent to headquarters this week.

Scouts that will be unable to get into Camp Amos Horton, Lyndon, will have an opportunity to camp at Rotary, Rockford, for the period

## STRAWBERRIES

TO THE CONSUMER:—We sell to anybody at our patch on N. Galena Ave. just beyond Tedwell's oil station. Also at the house, 249 W. Graham St. The reason our berries have better value at the price is because they contain at least 1/4 more berries to the box than berries from small patches as a rule. The pick is particular and the pack is packer's solid pack, shook down, making heaped measure when loosened up.

### TO THE MERCHANTS:

We have more berries than a town the size of Dixon can consume, therefore we ship out early every morning. And for you to get berries here it would be necessary for you to let us know the evening before.

### TO THE GROWERS:

We are not getting as many berries as we can wholesale at the market price and we can probably handle all your crop to advantage for you.
